## TV MARKETING AND THE IMPACT OF TELICO VILLAGE ON THE AREA

By Winston Blazer, TVPOA General Manager

There has been much debate regarding the amount of money Tellico Village spends on marketing each year. The discussions have been very subjective and opinionated so let me give you some 2017 data that I believe warrants the use of \$400,000. In my opinion, 2017 was a successful year in many different aspects. In regards to marketing, the total Village home sales in 2017 was 405 which is an increase of 12% compared to 2016. In addition, the ACC issued 149 new home permits reflecting the largest number of new homes built in the Village since 2007 when we permitted 130 new homes.

Specifically related to our Marketing efforts, in 2017, Tellico Village welcomed over 6,300 visitors to the Welcome Center. Prior to the marketing effort and Welcome center, I can't recall ever having more than a dozen couples visit Tellico Village and inquire about making this their permanent home. In 2017, the Marketing Program generated over 500 Village tours, 243 overnight stays and 263 day tours. These tours are serious potential real estate purchasing customers. When you take into consideration the metrics above, I think it's a safe conclusion that our Tellico Village Marketing Program has a very large positive impact on the marketability

and meets the mandate of our mission statement which is to “Maximize Membership Value”.

Let me address the value of this Village to the surrounding area. The main two reasons TVA flooded this valley and created Tellico Lake was to create more hydroelectric power and bring economic development to rural parts of Blount, Loudon, and Monroe counties. Without a doubt, Tellico Village has accomplished the latter and is, by far, the most successful development of all the developments on the shores of Tellico Lake. On the surface, the economic contributions from Tellico Village to Loudon and Monroe counties taxes are easily determined. In Loudon County, Tellico Villagers pays \$7.5 million in property taxes of the total \$31 million property tax total. In Monroe County, where Kahite is located, \$1 million in property tax is generated of the total \$20 million Monroe County's property tax. This is a pretty good deal for Loudon and Monroe Counties considering Tellico Village creates very little financial cost to them. If you look at 2017 home building in Tellico Village, as mentioned above, there were 149 new homes permitted. This represents over \$500,000 of additional tax revenue to Loudon and Monroe Counties and boosted the local building economy by over \$50 million.

On an economic impact analysis, if you take 4,158 homes and assume annual expenditures of \$20,000 per home that would be an \$80 million plus contribution to the local economies. These items mentioned above makes Tellico Village a serious contributor to the regional economy. Another positive contribution to the area which is much harder to quantify but is significant would be the tremendous amount of volunteerism that is given back to many good causes and charities. There is far too many for me to list in this article but I am sure just about every person can name at least five charities that have benefited from Tellico Villagers and the strong positive impact it has.

For the past several years when talking with Tellico Village leaders, I have emphasized the importance of Villagers stepping up and taking a more informed role in the local elections. In order for Tellico Village to continue growing and being successful, it is important that the County leaders and Tellico Village leaders work together toward common goals.

As local elections approach, the HOA has organized a series of Town Hall Political Forums. Take note that early voting starts three weeks before each election. 2018 is an important election year with several elections occurring in the near future – all of which Villagers have a chance to make their voices heard:

- Loudon & Monroe County primaries - May 1st
- Loudon & Monroe County general elections, as well as State and Federal primaries - August 2nd
- State and Federal general elections, as well as Lenoir City and Loudon City elections -November 6th

There are plenty of opportunities for Villagers to become more involved and informed. The next Board Workshop will take place on March 6th at 10:00 a.m. in the POA Conference Room and the next Board Meeting is scheduled for March 21st at 1:30 p.m. at the Yacht Club. These are just two monthly occurrences where you, as a property owner, can speak your mind on Tellico Village related issues. To stay updated with local events, sign up for the Tell-E-Gram by emailing Jessica Miles at [JMiles@TVPOA.org](mailto:JMiles@TVPOA.org).

## RETAIL/BUSINESS SERVICE SURVEY RESULTS REVEALED

**By Joe Bogardus, TVPOA Marketing Team Member**

Village residents have limited knowledge of the depth and breadth of community businesses. Almost 80 percent of respondents to the recent Tellico Village Business Enterprise Survey were "very or somewhat" surprised to learn that over 100 retail/service businesses are currently located in or near the Village. Villagers situated in Kahite were 86 percent "very or somewhat" surprised.

These were just some of the survey findings shared by the Tellico Village Property Owners Association (TVPOA) Marketing Team at today's TVPOA Board Workshop. More than 900 Villagers completed the survey conducted in January and February of this year.

Further, the survey reported, low awareness and lack of information of local establishments hampered utilization. If Tellico Villagers were more aware of local retailers and services, they would increase their use of these businesses, with 70 percent of non-Kahite residents responding "definitely or probably" coupled with 81 percent of respondents from the Kahite neighborhood. Kahite's location and business development is somewhat different than the balance of the Village and this neighborhood's needs, the Marketing Team believed, needed to be evaluated independently.

Overall, Tellico Village businesses are perceived at about parity with establishments outside the immediate area of the Village. Community businesses ranked somewhat higher in terms of convenience and customer service; on a par quality-wise and somewhat lower as far as pricing and selection versus entities outside the Village. The findings seem to indicate residents' historical lack of support for certain businesses has little to do with general prejudice against Tellico Village enterprises.

The survey also questioned Villagers on what potential new businesses they would like to see enter the community. The HOA in 2015 did research in the area of identifying possible new businesses for the Village. These results plus input from the HOA, New Villagers and TVPOA Advisory Committees generated a list of 19 new, non-competitive entities in terms of Villager interest.

More than 50 percent of respondents were interested or very interested in four particular enterprises: Coffee/Bakery/Sandwich Shop (70 percent); Deli/Butcher/Sandwich Shop (64 percent); Car Wash (54 percent) and Ice Cream/Frozen Yogurt Shop (53 percent). Respondents also expressed interest in a wide range of other potential businesses.

People in Kahite were more interested in 16 of the 19 categories and overwhelmingly supported the Coffee/Bakery/Sandwich Shop (84 percent) and the Deli/Butcher/Sandwich Shop (80 percent) concepts.

Based on the survey results, the TVPOA Marketing Team proposed moving ahead to finalize the Tellico Village Business Alliance and ready the proposed "Shop Tellico Village" campaign. The Marketing Team will further investigate potential new businesses and begin to actively solicit target companies in mid-April.

The TVPOA Market Team's full Board Workshop presentation and more comprehensive look at the research can be found at:

## NEW KAYAK STORAGE INFORMATION

The Board approved a new kayak storage space in the 2018 budget. This space will hold 32 kayaks. As was done with the first space, we need 32 people to commit to this and pay the annual fee (\$318) up front. When the 32 payments are in hand, the contract will be signed and construction can begin. At this time, we have only 7 checks in hand, with 10 on the wait list that have not responded. If you are interested in this kayak storage space, please contact Karen Davis at the POA office. Her number is 865-458-5408 x4117. **The deadline has been extended to March 19th for checks to be turned in.** If we do not have 32 committed people by that date, the project will not proceed in 2018.

## PET OF THE WEEK: MEET HOLLY!

Holly is a gorgeous cat. She is stunning cat with a very sweet temperament. She's about 3 years old, indoor ONLY, and loves to play. She can be a cuddly lap cat but you might have to wait until she tires of playing. Playing is her top priority and favorite thing to do right now. At some point, Holly had a rear leg injury that may not have been treated and/or just didn't heal properly. She does walk with a limp but it doesn't bother her. The shelter vet does not feel that she is in pain and her playfulness (running and jumping) seems to confirm this.

She has been accepted into the "Second Chance Pals" program and will be going for an x-ray of her leg this week. We would like her to be in a home without very young children who will be a bit awkward picking her up. Older children should be fine taking care of how she wants to be picked up. She does like being picked up and held. Holly appears to be OK with other cats but introduction to other cats should be done slowly. She also seems to be OK with cat friendly dogs-again, properly introduced. She is a very sweet girl, spayed, microchipped and litter box trained-ready to go home with you NOW! For ONLY \$40 and a promise to love and care for her forever!

If you are interested in adopting Holly, contact the Monroe County Animal Shelter located at 170 Kefauver Lane in Madisonville (behind Walmart). Please note new hours: Tuesday-Friday from 11-4:30 and Saturdays from 11-2. The shelter is closed to the public on Sunday and Monday. Call 423-442-1015 and check out all available pets on our web site at [www.friendsofanimalsmc.org](http://www.friendsofanimalsmc.org)

"TN Monroe County Animal Shelter" is the official Facebook page for the Monroe County Animal Shelter. Adoption Gift Certificates are available year-round.

All animals adopted are spayed or neutered, have age appropriate vaccinations and testing, and are microchipped (with registration). Cats are litter box trained. \$50 adoption fee for cats 2 or younger, \$40 for cats over 2 or special needs.

We are still looking for a few fosters for some small pups and some bigger pups who need socialization. If you can foster for a bit, please contact us and let us know.

**Shelter Needs:** Paper Towels, Laundry detergent, lots of scoopable/clumping cat litter, copy paper, bleach, Q-tips, cotton balls, and Original Blue Dawn-all cleaning & office supplies are always needed!
