POA SAFETY AWARENESS EVENT

By Mitzi Lane, CI and Special Projects Manager

The POA Safety Committee sponsored the first ever Safety Awareness Event for the employees on June 22, 2018 at the Tugaloo Beach Pavilion. The event's purpose was to increase safety awareness and to remind employees of the importance of safety.

There were as many as 80 employees that dropped in throughout the event and took advantage of the information provided by the various vendors. The vendors in attendance were very helpful and some were familiar faces. Summit Medical Group had a booth and provided input on the services they provide here at the Tellico Village location. Matt Schaller of Tennessee Orthopedic Group performed injury assessments on employees and can also be found practicing right here in the Village. Every Wednesday, you can find him at the Tellico Village Wellness Center providing this free service to members of the Recreation Department. Also in attendance was Cullen Trew and Chris Liner of the Athens Insurance Agency, which is the Workers Comp provider for TVPOA, representatives from Smiley Family Chiropractic office, Covenant Health Care and Don Skalecki, TVVFD Fire Chief (and rescue vehicle) participated in the event.

We should never assume what someone knows or doesn't know. What may seem obvious to one person could be completely overlooked by another. By assuming all employees already know-it-all, we create a recipe for disaster that

could endanger lives and cost the company financially. Although every work environment has varying degrees of danger and exposure to potential hazards, every workplace, even offices, are subject to accidents, injuries and illnesses. In fact, one might argue that deskbound work environments face especially dangerous health and safety challenges, as inactivity can result in a number of serious health problems. For example, according to Mayo Clinic, people who sit for prolonged periods of time are at greater risk of obesity, increased blood pressure, high blood sugar, heart disease and even cancer. Having a clear understanding of the safety hazards in your workplace allows you to promote a healthier and safer workday for employees. Healthier employees mean fewer health insurance claims, missed workdays, and ultimately, reduces the likelihood of preventable accidents. Thank you to all the participants that came to the event. I look forward to a healthy and safe second half of 2018.

COMMUNITY CHURCH AT TELLICO VILLAGE CELEBRATES ITS 30TH ANNIVERSARY WITH A COMMEMORATIVE QUILT

By Julie Best, Chair of the 30th Anniversary Celebration Team

Throughout the year of 2018, the Community Church at Tellico Village is celebrating its 30th anniversary. So far, the Church has enjoyed a Charter Member Recognition Sunday and a community wide ice cream social. Just recently, a Commemorative Quilt was presented to the Church as a part of this year-long celebration. A commemorative quilt is a great way to have a tangible reminder of what this church means to Tellico Village, the surrounding community, and beyond.

What does a quilt and a church have in common? More than you might think. Generally speaking, for a quilt to be attractive, there must be high contrast - light colors and darker colors, fabrics with small prints and fabrics with larger prints and sometimes, even an element of surprise. But, in all of that contrast, the combined fabrics must complement each other and work toward the overall beauty of the quilt. Likewise, for a church to be vibrant, there will be a variety of opinions among the members, there will be people with different skills and abilities, but in all of these differences, the overall mission of presenting the love of God to others is the entire focus of the congregation.

Three women worked on the construction of the quilt: Pat Schwartz, Judy Bland, and myself, Julie Best. The quilt is unique to our church, not just a "religious" quilt. At the front of the sanctuary is a beautiful stained glass window, overlaid by a wooden cross. That element became the focal point of the quilt. Since we are celebrating the 30 years of our existence, we wanted to incorporate something that would link our early days with the current time. Our church has two distinct steeples - the one on Founder's Chapel, called The Cross in Every Direction, and the one on the new sanctuary, which features a cross pointing to the sky. Both of these steeples are symbols of the focus of our church, which is to lead people to Christ. The quilt header includes photos of these steeples to remind folks of the past and the present.

The quilt is named Gratitude because we have much to be grateful for - we are grateful for God's presence in our lives, we are grateful for this church which serves as the conduit for all our members as they share the love of God with others, and we are grateful for all that this church means to our community. Several people were involved in making this project a reality. In addition to the ladies constructing the quilt, John Ouderkirk took the photos of the church steeples. Janet Armstrong did the beautiful quilting, and David Brunson make the lovely hanging device.

The Community Church at Tellico Village was founded when Tellico Village was just developing into a community. For 30 years, the Community Church has called people who come here from many directions to come and follow Christ in this, their new home. That is still the message of the Community Church today. Our quilt is very simple, but that, too, is the message of the church - just keep your eyes on the cross. Everyone is invited to come by the church to see the quilt. As you enter the front doors of the church, look to the left. The quilt will be hanging on a wall nearby. We hope the quilt will serve as a reminder of what this church means to its members and to our community.

BACK TO SCHOOL SUPPLIES AND VOLUNTEERS NEEDED!

Back-to-school supplies are needed for students at Loudon County and Steekee Elementary Schools. The Tellico Village Adopt-a-Class Program supports this effort with donations. We have placed boxes at 4 convenient locations - the Wellness Center, library, Chota Rec Center and the Welcome Center (storage - may drop-off at front desk). Items requested include sharpened pencils, erasers, glue sticks, crayons, notebook paper, 2-pocket folders, spiral notebooks, and construction paper. Classroom needs include dry erase markers and cleaner, tissue, hand sanitizer, disinfectant wipes, and band aids. School begins on August 6, so please act now. Contact Bonnie Pierce (516-413-0177) or at adopt.a.class.donations.tn@gmail.com or Karen Hamerslag (352-219-1046) or at adopt.a.class.tn@gmail.com with questions. Cash donations are also appreciated - contact us for further information.

The Tellico Adopt-a-Class program supports local elementary schools with classroom volunteers and donations of school supplies. Volunteers are matched with a classroom and teacher, fostering relationships with children while assisting in their education. Villagers usually volunteer 3 – 5 hours a week, either on one day or split into 2 sessions. Most work directly with students, either individually or in small groups. Adopt-a-Class is now active in both Loudon and Steekee Elementary Schools. We are currently accepting volunteers for the 2018-2019 school year. Please contact Karen Hamerslag at 352-219-1046 or adopt.a.class.tn@gmail.com for further information.

PETS OF THE WEEK: MEET JACKSON!

It's me - Little Jackson. I was brought into the Shelter as a stray. Since I am a senior (age 7), Second Chance Pals took me in and got me all the extra care I needed, including heartworm treatment, and a good dental treatment. Now I'm good to go and heart worm free.

I'm really small; I only weigh about 8 pounds. I'm a quiet little guy, so a home with less activity would be best for me. When there's too much going on, I go and hide. In my foster home, I have small foster (dog) siblings and we all get along well. I do not like big dogs - they scare me, but a medium size dog would probably be OK. I haven't been around cats, but I think I would be OK with them. I would also do well as an only (companion) dog, as long as I got plenty of attention. I think I was an outside dog before coming to the shelter. I've been working on my house manners and I'm doing pretty well now. My new family would need to take me for walks on a leash - I just love to go for walks. I would probably love a secure fenced in yard to run around in. But my new family would need to keep an eye on me in a fenced yard. Because I am so little, a big ole bird could easily scoop me up. My potty habits have been improving. But I can still mark once in a while - especially when I get excited. I am an "INSIDE" dog. I love to nest in a nice soft blanket and cozy bed. I love sun beams and basking in the sun. Sometimes I'll cuddle in your lap. I love for you to scratch my back or head, or rub my belly. I am very food motivated and love treats. I can bark when the other dogs are barking, but I'm usually a pretty quiet little guy.

In other, exciting, news, the Monroe County Animal Shelter Thrift Store has opened at its new location: 3949 Highway 411, Madisonville. The store will be open Wednesday through Saturday from 10 AM to 4 PM. There are tremendous bargains, and new merchandise arrives daily. The Monroe County Animal Shelter is at 170 Kefauver Lane in Madisonville (behind Wal-Mart) and is open Tues-Fri 11-4:30 and Saturdays 11-2. The shelter is closed Sunday and Monday. Call 423-442-1015 or check out all available pets on our website at monroecountyfriendsofanimals.org.

Please visit our website for a list of items the shelter needs. www.monroecountyfriendsofanimals.org.

SNAP (Spay Neuter Assistance for Pets) offers free vouchers to qualifying families for a spay or neuter procedure at participating local veterinarians. The next voucher session will be held Saturday, August 4th, at the Vonore Community Center (above the library), 10-11am. Vouchers are only available to qualified Monroe County residents. If you are in another county, you can visit this webpage to find options close to you <http://www.spaytennessee.org> PPAW in Greenback also offers low cost altering at their clinic for anyone who does not meet the voucher income or county qualifications. Take advantage of these no or low cost opportunities available to EVERYONE. Be part of the solution!
