WELLNESS CENTER TEMPORARILY CLOSED BEGINNING AUGUST 16TH

The Wellness Center will be closed beginning August 16th at 3 p.m. until August 27th at 6 a.m. Several major maintenance projects are slated to be completed during this time such as: the installation of new cardio equipment, removal of carpet underneath, addition of LVT flooring system (also used in Kahite). While this is going on, the pool will be drained, resurfaced, and re-filled. A new ADA accessible pool lift will be added, and the sand in the pool filters will be changed out. Deep cleaning will also occur throughout the building. We look forward to seeing you back on August 27th so we can share the excitement of this facility revamp with all of you.

GOLF AD HOC COMMITTEE

The Ad Hoc Committee will be reviewing the following topic:

- Are our current pricing levels for rounds relevant?
- We are a private club with 3 courses that do not charge a membership fee or a monthly assessment fee.
- We rely on a method of subsidizing golf that was developed in our early history where the membership fee is spread across all property owners. This was a marketing strategy used to attract potential golf retirees.
- Is this still a relevant model?

Each topic will be presented on the POA website in the coming days. Comments and suggestions can be directed to Mike Colacone at mc195@aol.com and/or Pat White at jwhite2032@charter.net

MUDDY BOOTS HIKE

Join us on August 13th as we hike the Laurel-Snow State Natural Area, located outside of Dayton. We will hike the Laurel-Snow Trail to Laurel Falls. The Laurel-Snow Trail became Tennessee's first designated National Recreation Trail in 1971. For first 1.6 miles of the hike we will be hiking along Richland Creek, which is filled with boulders and gushing water. Following this, we will have to cross the creek. We will hike another 0.9 miles or so until we reach the falls. During this portion of the hike we will hike up through a narrow opening in a large boulder and traverse some rocky ground. Because this segment of the trail is a somewhat steep climb and has several switchbacks, the hike is rated as moderately strenuous. However, the view of the falls, which plunges 80 feet, followed by long series of cascades, is worth the effort. We will take a well-deserved rest at the falls and have some lunch before heading back to the trailhead. Bring \$6.00 to reimburse the driver for gas. Sturdy shoes are needed for this hike, and hiking poles are recommended. Also, experienced hikers bring an extra pair of shoes and place their hiking boots, if dirty, in a trash bag to try to keep the driver's car floor clean. Hike leader is Paul Stanko - Pauly2015@gmail.com, 248-231-8167. We will meet at Chota Center (across from Marathon gas station & in parking lot of Lakeside Realty) at 8 a.m.

In the event of a situation requiring medical intervention during a hike, we suggest that each participant wear their Name Tag and bring a Photo ID (generally driver's license) and Medical Information cards (Health Insurance Card or Medicare + supplemental Health Insurance Cards).

TV LIONS NOTCH ANOTHER SUCCESSFUL YEAR

Nineteen years and counting, the TV Lions continue their success as a premier service organization in Tellico Village as well as Loudon County. Success is measured in two ways – fundraising and support of various activities and organization, which serve the greater community.

As club president Ed Roeber stated, “Fundraising is where it all starts and makes everything else possible.” The club has five major fundraising activities all of which are only successful because of the support of TV residents and local businesses. Those most familiar to residents are the two food/social events, the Oktoberfest (only 2+ months away in October) and the Chili/Soup dinner in the winter. Two of the others involve not only residents but local businesses as well; they are the Golf-for-Sight outing in May and the monthly delivery of flyers to all of the residences in the village. The final one, not involving a lot of Village residents, is the support the Lions give to the Lenoir City Women’s Club during their annual Arts and Crafts Fair in June. Collectively these five events enabled the Lions to raise over \$35,000, all of which was spent in furtherance of the club’s motto of “We Serve.”

Now where do the dollars get spent? A portion of them are spent directly by the club in their vision and health related programs conducted in the county. Using a newly purchased camera at a cost of almost \$8,000, Lions provide vision testing to school children at all levels in both county school systems. The camera is also used to test the vision of children enrolled in preschool programs throughout the county. This includes children from the age of toddler up to six years of age. The other aspect of its healthcare programs are monthly health fairs held at the Good Samaritan Center in Lenoir City and the Good Shepherd Center in Madisonville. At both locations blood pressure and glucose levels are tested; in addition, vision is also screened at the Good Sam Center. The Good Sam vision program also provides free glasses to those who need them and qualify as being poor under USG poverty guidelines. These programs consume about 1/3, or about \$10,000 of the funds raised.

One additional expenditure of funds and a project that provided direct benefit to Villagers was the Lions distribution of safety glasses for watching the total eclipse of the moon last summer. Thanks to the Lions, some 3,000 residents received these glasses which helped them observe this fantastic phenomenon safely. As stated by Lions Larry Elder, “this was a great project that really reached a large portion of the Village population.”

The balance of the funds are given as direct donations to a number of service and charitable organizations in four Lions mission area as defined by Lions Clubs International, the parent organization of all Lions clubs. These areas include the Lions Mission which are all direct vision related programs, mission-related which include organizations working to prevent blindness and vision problems; the third area local charities and the last Community Service.

The second area mission-related has recently been expanded to include support of child-related oncology programs and programs directed at preserving or improving the environment. This last mission area was initiated with a \$2,500 donation made to WATeR to support ongoing environmental project in the TV area. Major recipients of donations in the Lions Mission area include the Tennessee School for the Blind, East Tennessee Lions Eye Bank, Lions Eye Center at Vanderbilt University and Lions Volunteer Blind Industries. In the second area, recipients include national diabetes research and treatment organizations and, in support of children oncology treatment, St. Jude's Children's Hospital, the East Tennessee Children's Hospital and, as mentioned above, WATeR.

The third area support includes Good Sam, Second Harvest, Children's Food Packs at the TV First Baptist Church, and Iva's Place. The final area includes funds spent for activities in the community such as donations to the TVVFD, the TV Library, Smoky Mountain Service Dogs, the Yellow Ribbon Fund and Fisher House Foundation and refurbishing the Tellico Village entrance signs.

There is one other area of service that the TV lions provide and it is the collection of used eyeglasses and pill containers. Last year, 1,598 pairs of used glasses were sent to the Roanoke Recycling Center where they are refurbished and sent overseas for distribution; also 5,640 used pill container were collected and donated to an organization in Ohio that sends them to Africa for use by indigent people in a number of countries.

There is one other area of community service that is not included above but has a huge impact on the community. This is volunteer effort by individual Lions to the Tellico Village Community as well as Loudon County. This includes being members of the TVVFD as either fire fighters or first responders, service on various BOD's such as POA, HOA, United Way or individual housing areas in TV, reading at local schools and day care centers, working at IVA's Place or the Good Samaritan Center. The list is almost endless but involved individual Lions donating slightly over 10,000 hours of service to our community.

To learn more about the TV Lions and possibly join this stellar group of individual who provide such superb service to our community please visit their web site at <http://tellicovillage.tnlions.org> You may also join them for one of their meetings. They meet twice each month at the TV First Baptist Church; the first meeting is on the first Tuesday of the month, at 9:15 AM and the second, a dinner meeting, on the third Tuesday commencing at 6:00 PM. Lastly, you may also contact the membership chair, Lion Rosie Sylvester at 715-880-0340 or via email to kittycat2x2@gmail.com

Obviously, all of these projects would not achieve the success they do without two critical ingredients: those are support of village residents and a lot of hard work by members of the Lions Club. While all members contribute there are typically a few whose contributions go far beyond normal and call for special recognition by the club. This year awardees in this latter category included: Lion Wayne DeLawter: Co-Lion of the year – for leading several key projects, primarily the one that refurbished the village entrance signs; Lion Perry Sylvester: New Lion of the Year – for jumping in as a new Lion and making a significant contribution to club activities in his first year of membership; Lion Bruce Johnson: Melvin Jones Fellowship – recognizing a year of stellar service to both the club and community; King Lion Edward Roeber: outstanding service award as President, Flyer Delivery Program Manager and Significant Service to the Community; Lion Larry Elder: Co-Lion of the Year – management of the Golf-for-Sight outing that is the club's largest fundraiser and the Eclipse Glasses Program; (all are shown in the photo from left to right as listed above). Not shown in the photo is: Lion Harmon Towne: Lion of the Decade for over 10 years of dedicated service to the club, the community and Lionism on a district and state level.

KIWANIS CLUB OF TELLICO VILLAGE DEDICATES PLAYGROUND AT IVA'S PLACE

Members of the Tellico Village Kiwanis Club recently put the final touches on a project they hope will provide children impacted by domestic violence a way to just be kids. On July 30th, club representatives presented Crisis Center for Women-Iva's Place a new playground that will be for children at an undisclosed shelter in Loudon County.

Chris Longmire, Executive Director of CCW-Iva's Place, said "children learn through play. Children develop social skills through play and develop problem-solving skills. They're not thinking about why they're here, they are just thinking about being kids".

Ken Austin, Club VP, spearheaded the project and said that our mission is to work with children, and these are the kids that have – because of no fault of their own – have been pulled out of their home life, as their mothers have. Beth Mouse, club President, said "this project is something Iva's Place wanted to do for some time, but did not have the funds. With the help of our community business partners, we were able to make this project a reality. This is what Kiwanis is all about."

PETS OF THE WEEK: MEET LIZZY, GUNTER, AND SUNNY!

Three warm and fuzzy cats looking for new homes this week are Lizzy, Gunter, and Sunny. Lizzy's Dad had to move out-of-state to an assisted care facility. She's a black 9-year-old shorthair "panther" and a great lap warmer. Lizzy is very social, has lived with other cats and good with children. She has never been around dogs. She's indoor/outdoor but a new area could be risky. We would prefer that she becomes an indoor cat with a "catio" or screened porch. She is used to sleeping on the bed with her person at night and on cat trees/towers during the day. Her favorite trick is to touch noses with a human for treats.

Gunter and Sunny are both new to our adoption room and may be in "shy mode" in their new environment, please give them a chance to meet you and you will be rewarded with a great reaction to gentle petting.

Gunter is a 1-year-old male brown tabby, with gorgeous green eyes that LOVES to be petted. He is a little shy at first-just keep petting him for a few minutes, and see the change as he relaxes. He would love to spend his days playing and napping on a cat tree, by a window with the sun streaming down on him. He is litter box trained.

Sunny is a 1-year-old female brown tabby with emerald green eyes. She is very outgoing and social, one of those confident cats that knows how spectacular she is. Loves to be held, cuddled & scratched. Constantly purring and wants anyone and everyone's attention. She is looking for her new best friend-is that you? She is litter box trained.

Please remember their true purrsonality may not show in the shelter environment. Take time to pet them while they are still in their condo and let them get used to you before you pick him/her up.

All animals at the shelter are spayed or neutered, have age appropriate vaccinations and testing, and are microchipped with registration. Cats are litter box trained. \$40 adoption fee over 2 years old, \$50 under 2.

The Monroe County Animal Shelter is at 170 Kefauver Lane in Madisonville (behind Wal-Mart) and is open Tues-Fri 11-4:30 and Saturdays 11-2. Call 423-442-1015 or check out all available pets on our website at <http://www.monroecountyfriendsofanimals.org>
