ground level. Public Works will be identifying the problem tanks and adding a 6-inch extender on top of the current lid. This will bring the tank lid above grade, which will keep future rainwater out of the sewer system. They have a plan to be more aggressive in locating and fixing these tanks. Changes will be made in the Blue Book to keep new tanks from being placed or backfilled at ground level.

- **Wellness Center Update** - Simon Bradbury, Director Recreation, gave a full update in regards to all of the changes/renovations at the Wellness Center during the 10-day shut down. The recreation department has received a lot of positive comments and has made some minor adjustments based on feedback from members. The new pool dehumidifier system that was approved last month is being ordered. Once we get an install date and timeline, we will notify members.
- **Other** - The Twilight Golf Trial was ratified and approved 7-0.

PUBLIC WORKS UPDATE

By Jeff Gagley (Director of Public Works), Glen Quillen (Facilities Utilities Manager), and Bud Murray (POA Staff Engineer)

Recently, the Village has experienced what was once an insignificant factor but due to the growth of the Village, this matter has the attention of the Public Works Department. In the recent 5" rain event, it has become evident that our sewer system was taking on significant inflows of rainwater causing sewer alarms to go off throughout the Village. The problem starts when the landscaper is undertaking finish grade on your home when the home construction is complete. When a landscaper keeps the black lid covering the sewer tank flush with the final grade of the yard, this causes problems. When we have heavy rains causing standing water in the yards, the rain follows the path of least resistance, under the lid of your tank and into the tank. This causes systems to run to keep the water pumped down. The major problems arising from this situation are as follows: (1) it causes your sewer pump to run longer, using excess electricity and causing undue wear on components in the tank; (2) other homes systems are doing the same thing combining together causing high flow in the pumping station throughout the Village. During heavy rains, we experience an increase of the regular sewer flow; and (3) most critically is where all those stations pump to, the main sewer lift station. Once the rainwater enters the sewer system it becomes sewage, and the POA must pump it to the Loudon Utilities Treatment Plant (LUTP) for processing. During these heavy rains, the POA is pumping and paying for thousands of gallons of rainwater to be treated as sewage. You might ask: "OK, what does that problem mean to me?" Inflow results in thousands of dollars being spent to process clean rainwater as raw sewage. It also can give a false sense of needing to upgrade the POA sewer system with larger pumps and sewer mains. These upgrades would not be needed without the extra flow from rainwater coming into our sewer system. The inflow problem is fixed by adding an extension to the riser pipe of problem tanks. This raises the black cap above the ground surface about six inches so that rainwater stays in the yard and not into the sewer tank. Mulch will be added around the extension to hide the riser extension. Due to the recent heavy rains over the past couple of months, the Public Works department is stepping up this process throughout the Village. In order to properly manage this situation, we are enhancing our normal procedures and you may receive a knock on your door letting you know work will be performed on your system. We will notify you before any work is done. If you have experienced this issue and would like to report it to the Public Works Department, please call 865-458-4522. We will also be updating the Blue Book in order to add rules to keep landscapers and builders from back filling around the tanks after we install them. The tank lid will be required to be 6 inches above ground. This will be checked after the landscaping has been installed. The POA Utilities department looks forward to making these enhancements throughout the Village.

CRANK UP YOUR APPETITE, DUST OFF YOUR LEDERHOSEN – OKTOBERFEST IS GETTING CLOSE

That's right – in just over a month you can join the TV Lions and your fellow TV residents at an evening of great food, fellowship and fun at this annual Lions Club fund-raiser. This year's OKTOBERFEST takes place on Monday, October 1 at the TV Yacht Club 4 – 7 p.m.

As in the past, the main attractions are great German food – bratwurst, potato salad, beans, condiments, etc., and, of course, plenty of beer. Wine is also available for a small price per glass. In addition to being able to socialize with your friends and neighbors, you can also hit the dance floor and enjoy a variety of German music, mostly polkas. There will probably be quite a few pieces that you can sing along to if you don't want to dance.

Tickets are \$14 per person. They are available from any Lion or at Sloan's Hardware, United Community Bank or the Village Salon. If none of these venues work, call Marsha Higby at 865-458-9356 to get your tickets. Because of space limitations in the Yacht Club, the supply of tickets is limited so get yours early.

This is one of three major TV Lions annual fundraising events. Proceeds are used by the club to fund a variety of service activities in both Tellico Village as well as Loudon County and east Tennessee. In the village, the TVVFD and the Library are beneficiaries; in Loudon County, Smoky Mountain Service Dogs, Iva's Place, Good Samaritan and a number of other similar organizations receive donations. A portion of these funds are used to support the various vision programs conducted by the Lions to include free glasses to indigent county residents identified thru the Good Sam Health Fairs.

In addition to buying you a great evening, your ticket also helps some less fortunate residents to improve their quality of life. Get yours now!

The photo below shows the grills and the cooks preparing the bratwurst behind the Yacht Club.

THE UNITED WAY KICK-OFF STREET FAIR IS GETTING CLOSER

The 4th Annual United Way Street Fair, which kicks-off the 2018 United Way Campaign in Tellico Village, is now only about six weeks away. This year's version will be expanded with the addition of a business fair as well as additional entertainment. Nine Tellico Village and local businesses have agreed to participate by setting up information booths where you can learn about the products and services that they offer. Some have also indicated that they will offer chances to win prizes to those who come by and get information. In addition, negotiations are underway with several car dealers to stage a new car show as well.

As in the past, roughly a dozen partner agencies (those that receive grants from the proceeds of your UW donations) will also set up information booths where you can learn more about the services they offer to your fellow residents of TV and Loudon County.

The main attraction will still be the vehicle show where members of the Corvette, Vintage/Classic Car and

Motorcycle Clubs will proudly display their vehicles. You will get a chance to vote on your favorite vehicle in each category by making a \$1/vote donation to United Way. The winners will receive a prize from UW. Additional entertainment will be provided by DJ Gary Blumel, and hopefully, the TV Singers and Footloose in TV. Since you will probably work up an appetite by visiting all the various activities, you can get a free hot dog and cookies courtesy of United Way.

This event takes place on what is scheduled to be a very busy Saturday, October 6, in Tellico Village. The Street Fair, held in Village Square, will be preceded by the annual TVCC Garage Sale, which runs from 8 a.m. – Noon, followed by the Smoky Mountain Service Dogs “Salute to Veterans” which occurs that evening. The Street Fair will occur from 11 a.m. – 2 p.m. so you have a chance to hit all three community events with no problem.

Mark your calendars and reserve the day so you can attend all the great happenings in TV and help the 2018 UW campaign get off to a great start. Your potential attendance is boosted by the fact that the Vols are not playing that weekend so you won't miss even one minute of UT Football.

THANK YOU!

Recently, the Public Works department celebrated Janice Morgan and her 7 years of dedication to the POA. Janice will be retiring and we are thankful for her hard work!

PET OF THE WEEK: MEET EZRA!

This week's Monroe County Pet of the Week is Ezra. Ezra is a brindle and white Plott Hound/Boxer mix who is about 14 months old. He has a wonderful puppy personality and is eager to play. He came to the shelter in June and we believe he had been accidentally separated from his owner although no one has claimed him. Ezra walks well on a leash and wants to play and be snuggled. He shows no aggression toward other dogs and seems happy to see anyone who walks by. He is a medium size dog and would be great with children who are past toddler age. Ezra smiles when we come to walk or feed him and is looking forward to finding a family he can call his own.

The Monroe County Animal Shelter Thrift Store has opened at its new location: 3949 Highway 411, Madisonville (across from Kentucky Fried Chicken). The store will be open Wednesday through Saturday from 10 AM to 4 PM. There are tremendous bargains, and new merchandise arrives daily. Clothing, shoes, furniture, kitchenware, bedding, appliances, books, and more! The thrift store is an important revenue generator that helps the organization care for the homeless and abandoned cats and dogs of Monroe County.

The Monroe County Animal Shelter is at 170 Kefauver Lane in Madisonville (behind Wal-Mart) and is open Tues-Fri 11-4:30 and Saturdays 11-2. The shelter is closed Sunday and Monday. Call 423-442-1015 or check out all available pets on our website at www.monroecountyfriendsofanimals.org

Shelter Needs: Lots of scoopable/clumping cat litter (Tidy Cat), paper towels, bleach, Q-tips, cotton balls, laundry detergent, and Dawn All Purpose Cleaner. Office supplies including copy/printer paper are always needed!
