For more information, contact Romano Sims, simsro@charter.net or 865-408-9356; or Gary Gilbert, glgilbert@gmail.com or 865-408-0809.

The Blessing of the Fleet is a tradition that began centuries ago in Mediterranean fishing communities. The practice is predominantly Catholic and a blessing from the local priest was meant to ensure a safe and bountiful season. However, both the ancient Greeks and Romans held elaborate ceremonies when their ships were christened, not much different from our ship launches of today. Parties were held, toasts of wine to the honored deity, a blessing from the high priest, and water poured over the boat, were the basic events of the ceremony. Any deviation from these events was considered a bad omen, with the result being a tragedy at sea. Poseidon, who was considered the God of the sea, as well as earthquakes and horses, was a favorite of the Greeks to ask for protection. The Romans preferred Neptune, who was also considered a God of the sea. Some Native American, who painted symbols or animals on their canoes, also held launch ceremonies consisting of feasts, prayer and blessings.

Dam Bridge Update

Editor's Note: Your POA staff encourages you to use extreme caution because the new traffic patterns are tricky to maneuver and there is heavy congestion. Consider using the south entrance of the Village to avoid any mishaps and delays.

The contractor continues to work in all areas. Traffic is still congested at certain times of the day. In early June, Elm Hill Road will need to be closed to through-traffic for approximately 6 to 8 weeks in order complete fills at the intersection of SR73.
