United Community Bank No Longer Accepting Payments

As most Villagers have become aware, United Community Bank no longer accepts POA assessment nor water/sewer payments. Payments may be made at the POA office, 112 Chota Center or by mail:

TVPOA

112 Chota Center

Loudon, TN 37774

Payments can be combined on one check. Sorry, we do not accept credit cards.

Electronic draft is also available.

LCUB Electricity Payments.

Recently, the Loudon County Utility Board (electricity) announced:

“Effective January 1, 2013, United Community Bank will no longer accept payments for Loudon Utilities. In the future, you may use our primary downtown Loudon location or one of the other payment centers. We apologize for any inconvenience this change may have on servicing your account.

“For those interested in our **Auto Pay** program, you may complete the form on the reverse side of this document. You will continue to receive a monthly statement approximately 15 days prior to the due date. As an Auto Pay customer, your payment will be automatically drafted on the due date or the next business day. The transaction will show up on your bank statement like any other electronic payment.

“Currently, more than 25% of our customers take advantage of this automatic payment program. It saves them the time, money, and hassle of writing a check and delivering it to a payment center. Hopefully, you will agree that Auto Pay is the easy way to pay your bill!

“If you have questions or would like more information, please contact customer service at 865-458-2091.”

The Taoist Tai Chi Society is a tax-exempt, charitable and all-volunteer organization. Our qualified instructors donate their time in order to share the health-giving benefits of Tai Chi.

Art Guild Meets Jan. 17

The Art Guild of Tellico Village’s monthly meeting will be 9:30 a.m. Thursday, Jan. 17, on the top floor of Yacht Club. Guild members and guests are encouraged to attend. Proceedings include a meet-and-greet and brief business meeting prior to the featured presentation by photographer Clay Thurston (www.claythurston.com).

For more than 30 years, Thurston has patiently observed and photographically captured birds and other wildlife in their natural habitats. Extensive travel has taken him to all 50 states and abroad. According to Thurston, wildlife and nature photography offer “a terrific opportunity not only to be out in the exciting world of nature, but also...make one grateful to be alive.” He enjoys imparting his techniques and experiences through workshops, programs, and exhibitions. His works clearly illustrate his innate skills, his ability to get the most out of his equipment—both film and digital—a good eye, and immeasurable patience.

In his upcoming presentation to the Art Guild he will share images from his collection, as well as many engaging stories behind the photographs.
