TVPOA Board Adopts New Election Calendar

The TVPOA Board adopted a revised 2013 election calendar at their monthly meeting, Jan. 23. The most significant change is in the shortening of the election voting time frame. In previous years, the polls opened Nov. 1 and closed at noon on the Thursday prior to the first Friday in December. The POA Election Committee proposed shortening the voting time frame based on the majority of votes cast and to shorten the time frame for the convenience of both the candidates and the professional staff. The shortened voting period was adopted by the Board. The new voting cycle will open Nov. 1, 2013, and close on Nov. 21, 2013, the third Thursday at noon. A vast majority of votes cast in past elections were submitted during the first two weeks of balloting.

To clarify, the ONLY change was made to the election period. What has NOT changed are the dates for candidates to pick up applications and submit applications and resumes. Those dates remain the same - August 1, 2013, applications for Board position openings; Sept. 13, 2013, last day for applications, petitions, and resumes submitted to TVPOA office by 3 p.m.

The entire 2013 Board Election Calendar is viewable at www.tellicovillagepoa.org/tvpoa/board-of-directors at the bottom of the page by clicking on 2013 Board Election Calendar. Any questions on Board election or the calendar, you may contact the election administrator, Jessica Johnson, at jjohnson@tvpoa.org or (865) 458-5408, ext. 4109.

This hike covers a section of the trail traveled by John Muir in 1857 as he made his way from Indiana to the Gulf of Mexico and then a section of trail named for Benton MacKaye. The first part of the hike follows a trail sandwiched between the Hiwassee River and some impressive rock formations, which are much more visible now than they are in the summer. Then we will climb the bluffs overlooking the Hiwassee River for some impressive views of the river. We will stop along the trail for lunch.

Warnings: We may have to do a stream crossing (6-8 inches deep) so water shoes and a towel are strongly recommended. Also the Benton MacKaye trail is not well maintained so we will have to climb over and under a number of trees.
