Rummikub Club Meets Feb. 21

The Rummikub Club will meet 6:30 p.m. Thursday, Feb. 21, in Chota Rec Center. The club meets every third Thursday. The Rummikub Club has men and women and is a game played with tiles equivalent to two decks of cards, and, as in gin rummy, players make sets and runs. However, the tiles are placed face up on the table and may be moved around to accommodate tiles in your hand that you can add to existing sets or runs. This results in an ever-changing board requiring new thinking before every move. It's easy to learn and provides challenging play.

Two Milestones for TVCUC—TAP

The Technology Access Program (TAP), the community outreach program of the Tellico Village Computer Users Club, has reached two milestones recently. In 2012, for the first time in the program's history, TAP added more than 1,000 children to the list of those who received the benefits of in-home technology.

TAP also recently celebrated the donation of the 2,000th computer since its inception in 2007—with the first distribution in June 2007. Since that time the level of involvement has increased exponentially.

Villagers have come together to provide support to TAP through volunteering, financing, and donating computers and peripheral equipment for refurbishing. This volunteer group has approximately 20 individuals encompassing all levels of expertise—from newbie to guru—and is chaired by Warren Sanders and Vince Alline.

For more information, go to the Tellico Village Computer Users Club website: tvcuc.org.
