Golf Internship Program Housing Needed

By Golf Advisory Committee

Tellico Village Golf Operations has the opportunity to begin an intern program in both clubhouse and golf course maintenance areas.

Housing is required to implement this program, and since we have no dorm facilities, we are asking you for help. We need Tellico Village residents who are willing to provide housing for one or more interns. The only requirement is a bedroom and bath; the interns are responsible for all other expenses.

The interns will augment the seasonal employee needs from May through October. There is no additional cost to operations. The interns are graded on their performance, and since this is an area they have chosen to pursue, their quality of work ethic should be excellent.

Internship is great opportunity to become familiar with prospective employees and their performance. This program could well provide future employees for Tellico Village.

If you are interested in providing room(s), please contact Jim West at jwest@tvpoa.org.

Thank you for your consideration!

Attention: Suburban Propane Information

Two Tellico Villagers have recently been working with Suburban Propane to negotiate a group rate for Tellico Village customers. If you are interested in the details of this program, follow this link to a pdf document that describes the program.

The TVPOA was not and is not involved in the negotiations for Suburban's services for residential propane, but we are passing along the information as a courtesy for our residents.

(Continued on page 3)

Every successful Kiwanis Club makes an impact on the community around it and the community can make a positive impact on the Club. It's great when the community and the Club work together—making the area a better place to live and making the Club attractive to people who value service and leadership.

Our community needs the services that Kiwanis can and does provide, but in order to provide them, the Club needs all the hearts and hands the community can offer. We need you!

Recent Events and Bragging Rights

Left: These are the workers who spent time Friday morning, June 28, trimming and weeding the garden at the entrance of Kahite. Please take a look at it as you go by. It looks great. We would love to have more volunteers to help with the upkeep of the three Kahite gardens. They are the entrance, the round-about and the triangle gardens. We have fun, and this is definitely a needed service to our community. Please let us know if you are interested in volunteering.
