## What Is That Round Black Lid in My Yard?

By Jeff Gagley, Director of Public Works

The title of this article is based on a question that Public Works has been asked on many occasions. For those of you who may not know what that round plastic thing is in your yard, let me take a few moments to describe it and its contents.

The lid covers your 1,000-gallon pumped effluent tank that holds waste from your home. Inside the tank is a 24-inch vault that rests in the center of the tank. All the waste flows from your home into the tank around this vault.

Located in the vault is a 2-horsepower grinder pump and a float system. The float system turns the pump off and on, and also signals the alarm system on your control panel when fluid levels are too high. When the waste level gets to a set point, the float activates the pump to start. The

pump then moves the waste into the main sewer lines along the streets and into intermittent sewer lift station.

These lift stations are located throughout the Village. They pump all fluids to the main sewer lift station located at the corner of Sequoyah Road and Highway 444. At that point it is pumped to the Loudon Sewer Treatment Plant for final processing. In Kahite it is pumped to the Niles Ferry Treatment plant for final processing.

Along with the 1,000-gallon tank is a gray control panel mounted to your home near the tank with a red warning light. When there is a problem inside the tank, the floats will trigger the audible alarm inside the panel to activate and the red light to start flashing on your panel. Public Works does not want residents to be alarmed when this happens.

You simply go to the panel and press the "silence" button, and then call Public Works at 458-4522. The staff is on call 24 hours a day, 7 days a week, 365 days a year with trained technicians who will arrive at your home within a short time to assess the problem and make the proper repairs.

If you have any questions about the operation of the pump effluent system on your lot, feel free to contact any of Public Works' trained staff.

The Public Works staff recommends if you are going to be out of town for an extended period of time, that you may want to pour a box of Rid-X down a drain in your home before you leave. This will keep your tank active while you are gone and prevent major problems in the future.

## **Volunteers, Charitable Events, Fundraisers**

### **Four Paws Food Pantry's Dining for Dogs and Cats May 17**

Four Paws Food Pantry's first major fundraiser in 2010 was Dining for Dogs and Cats. Because of its popularity, it has continued each year, and 11 a.m.-1:30 p.m. Saturday, May 17, the fifth annual Dining for Dogs and Cats will take place at the Tellico Village Beach Pavilion on Tugalo Lane.

Dine on a variety of regional hot dogs such as the Chicago Dog with seven toppings including neon relish, or the Michigan Coney Dog with delicious Coney sauce and cheddar cheese, the West Virginia Slaw Dog topped with chili and creamy coleslaw, and finally the Four Paws Dog with tasty grilled sauerkraut. There will also be a make-your-own-dog station.

These premium all beef hot dogs come with chips, drinks and cookies for a minimum donation of \$7 per person for tickets purchased in advance or \$8 on the day of the event.

Tickets can be purchased at The Village Salon and First National Bank in Tellico Village or by contacting Linda Walter at 865-408-0327 or Christine Britton at 865-458-0060. All proceeds from fundraisers and donations are used to provide dog and cat food.

Four Paws is a 501(c)3 nonprofit organization. For anyone who cannot attend, tax deductible donations are always welcome. Make checks payable to Four Paws Food Pantry, P.O. Box 1318, Lenoir City, TN 37771-1318, or donate through PayPal at [www.fourpawsfoodpantry.org](http://www.fourpawsfoodpantry.org). ## **Some Other Stuff You Need to Know...**

### **Positive Response to the Planning for Lifestyle Changes Roadmap**

Since the STAYinTV Planning for Lifestyle Changes Roadmap was introduced at the HOA Forum on March 27, those who have obtained a copy are reporting how comprehensive and useful it is. The Roadmap is a collection of lists, templates and examples that a family may use to guide them in the creation, collection, filing and sharing of personal information and decisions that will be helpful in the near or distant future, especially when someone else must provide assistance. Included are ideas for legal, health, financial, personal information, what to think about before you seriously downsize, collecting information that will be invaluable prior to an accident or illness, attending to personal matters when one loses a spouse, and others. The response so far is very positive.

Printed copies are available at a cost from STAYinTV. Free copies may be downloaded from their website at [www.stayintv.org](http://www.stayintv.org) in either Word or pdf format. A good suggestion would be to review the 51-page document on line first, delete pages that are not relevant or necessary and print the remainder. The Word document may be completed by entering information easily so it can be stored and sent to a trusted member of the family, clergy, executor, or another.

While you are visiting the STAYinTV website, review other works of this non-profit Village organization. The newly updated Resource Guide is also available for free downloading for printing or electronic filing. Details about their works in Home Maintenance, Transportation and Downsizing are also listed. Tax deductible contributions to support the continued work of STAYinTV may be sent to Chris Garner, 140 Saligugi Way, Loudon, TN 37774. Volunteers are needed to direct Communications, Public Relations, Grant writing and fund raising needs. Linda Kaump is the president of STAYinTV.
