POA Board Meetings

By Alan Hart, POA Board President

Over the past few weeks, Board members have been discussing with Property Owners ways that they may participate in POA Board meetings to express their opinions, concerns and suggestions on a variety of topics. We have been able to describe the differences between our monthly Board Workshops which are usually held at 10 a.m. on the first Tuesday of the month, and our Board Meetings are held at 1:30 p.m. at the Yacht Club on the third Wednesday of the month. Occasionally, the meeting day may be changed to accommodate holidays, as we did for July 4th this month. We thought that sharing this information to a broader audience may be useful for our property owners.

Before discussing the differences, let's cover the similarities. We desire to have the full Board of seven members at both of our meetings. Both POA Board meetings are "Board business" oriented rather than a "Town Hall" type meeting. By that, we mean that the agendas for both meetings are established by and for the Board and Staff and published the week before the respective meeting.

Where there are differences in intent and practice comes in the area of open discussion on topics and in terms of making and passing motions on any subject. For the Workshop agenda, we select topics in which the Board has expressed an interest or topics that an outside organization wants to present to the Board for our edification and discussion. We also allow the audience to interact with either the presenter or the Board members with questions or comments germane to the topics being presented. In addition, once the formal agenda has been covered, we open the discussion to the public for any additional comments they would like to make. As the Workshop is an informational meeting, the Board does not take any official actions at these meetings.

The monthly Board meeting at the Yacht Club is strictly a business meeting for the Board that we hold in open session. The business of the Board, motions and voting on the motions, occur at these meetings. In addition, our staff directors, HOA representative and other selected guests are given time to present their information and progress reports. While there is usually no interaction with the audience by the Board, we do provide an opportunity for our property owners to make short statements or announcements to the Board at the end of the meeting. We may ask for clarification of a point, but further action on any of these pieces of information will take place at a different time.

We hope that this description of the similarities and differences between our monthly meetings is helpful to understanding the why and how we handle the discussions and decisions. Please feel free to attend both types of meetings so that you too can observe our processes and take an active part in making Tellico Village the great place to live.

U.S. Coast Guard Auxiliary Offers “GPS for the Tennessee Boater” July 23-25

The U.S. Coast Guard Auxiliary will present “GPS for the Tennessee Boater” 2-5 p.m. Wednesday-Friday, July 23-25, in the Tellico Village Yacht Club – top floor meeting room.

Learn about how a GPS will add value to your Tennessee River boating experience. This is a fully updated class addressing the latest technology including smart phones, tablets (pad computers) and high-end color chart plotters. Two, three-hour sessions cover how a GPS works, how to find your position and the position where you want to go, waypoint and route setup and use, practical navigation tips and purchase considerations. The course is interactive; the student works simple navigational problems using one chart (supplied) of a portion of the TN and Little TN Rivers while instructors lend a helping hand as needed. Students are encouraged to bring a portable GPS and a chart of Tellico Lake. It will not be possible to provide detailed instruction for every possible GPS model. The course is based upon a generic GPS; a student is usually able to work the classroom problems using their own equipment which prepares them to take what they learn in class and immediately use it on their own boat.

For more details go to <http://www.flotilla-12-2-tellico-village.blogspot.com> Class fee is \$35. Seating is limited please register early by calling Tom Murphy at 865-320-3788.

Hike Charlie’s Bunion July 23

(Note change in time and destination from annual schedule.) The Tellico Village Hiking Club will depart 7:30 a.m. Wednesday, July 23, from Chota Center, to hike:

- Charlie’s Bunion (shuttle)
- Distance: Approximately 9.8 miles
- Elevation Change: Gain of 1,100 feet in first 4 miles to Charlie’s Bunion, loss of 3,000 feet after leaving the Bunion to US 441.
- Rating: Moderate
- Driving Time: 2 hours plus car shuttle time
- Leader: John Winn, 895-675-6272 or john.winn@gmail.com

This is a one way hike from Newfound Gap to Charlie's Bunion, then down Dry Sluice Gap, Grassy Branch and Kephart Prong Trails to US 441. Charlie's Bunion is one of the most visited destinations in the Smokies for moderate to serious hikers. On a clear day, the views are spectacular. From Charlie's Bunion, the remaining 6 miles are easy because the trail is all downhill. We will hike on a very pretty but less used route that will take us from the alpine forests of the high peaks down into heavily forested slopes in North Carolina. Near the end of the hike we will pass signs of an old CCC camp. Because of the length of the drive to Newfound Gap and the car shuttle, we will leave earlier than usual at 7:30 a.m.

Hiking boots and hiking sticks are recommended. Driving directions will be provided the morning of the hike. Bring water and a trail lunch. Carpooling is recommended, passengers are asked to contribute \$6 to the driver to help cover gas, etc. Check out the website www.tvhikers.com.
