What is that round black lid in my yard?

By Jeff Gagley, Director of Public Works

The title of this article is based on a question that Public Works has been asked on many occasions. For those of you who may not know what that round plastic thing is in your yard, let me take a few moments to describe it and its contents.

The lid covers your 1,000-gallon pumped effluent tank that holds waste from your home. Inside the tank is a 24-inch vault that rests in the center of the tank. All the waste flows from your home into the tank around this vault.

Located in the vault is a 2-horsepower grinder pump and a float system. The float system turns the pump off and on, and also signals the alarm system on your control panel when fluid levels are too high. When the waste level gets to a set point, the float activates the pump to start. The pump then moves the waste into the main sewer lines along the streets and into intermittent sewer lift station.

These lift stations are located throughout the Village. They pump all fluids to the main sewer lift station located at the corner of Sequoyah Road and Highway 444. At that point it is pumped to the Loudon Sewer Treatment Plant for final processing. In Kahite it is pumped to the Niles Ferry Treatment plant for final processing.

(Continued on page 2)

(Continued from page 1)

Along with the 1,000-gallon tank is a gray control panel mounted to your home near the tank with a red warning light. When there is a problem inside the tank, the floats will trigger the audible alarm inside the panel to activate and the red light to start flashing on your panel. Public Works does not want residents to be alarmed when this happens.

You simply go to the panel and press the “silence” button, and then call Public Works at 458-4522. The staff is on call 24 hours a day, 7 days a week, 365 days a year with trained technicians who will arrive at your home within a short time to assess the problem and make the proper repairs.

If you have any questions about the operation of the pump effluent system on your lot, feel free to contact any of Public Works’ trained staff.

The Public Works staff recommends if you are going to be out of town for an extended period of time, that you may want to pour a box of Rid-X down a drain in your home before you leave. This will keep your tank active while you are gone and prevent major problems in the future.

Some Other Stuff You Need to Know...

Your iPad Tip of the Week #6

Having trouble reading text on your iPad? Would you like to have buttons? Maybe turn down the white washing effect so things are easier to read? If so, this tip of the week is for you.

From the home screen, Tap Settings > General > then, Accessibility >

In the second window on the right side, you have some wonderful options.

- Larger Text > Turn “on” and adjust your text size.
- Bold Text > Toggle “on” turns green when on. Improves the letters on the keyboard. (Note: your iPad will want to restart, Tap “continue” when you enable Bold Text.)
- Button Shapes > Toggle “on” and the blue/grey icon becomes a shaded button.
- Increase Contrast > Reduce Transparency – Toggled on turns pop over windows to a solid background. Darken Colors – Toggled on darkens the highlighted colors of Apps menus and tab bar text. Lastly, Reduce White Point – Toggled on changes the bright white to a softer grey. Toggling these options “on” will reduce the white wash effect and improves the keyboard contrast too.

Now click the Home Button to return to your Home Screen.

Feel free to personalize your settings for the look and feel you desire.

Lindberg Lecture Aug. 26

On Tuesday Aug. 26, as part of the continuing Doug Christman Third Tuesday Lecture Series at The Public Library at Tellico Village, local historian David Flanagan will once again present "Charles Lindbergh: The Rise and Fall of an American Hero." This free educational lecture will be held in the conference room from 9:30-10:30 a.m. Charles Lindbergh was the face of the 1920s. He was young, handsome, and courageous. His solo transatlantic flight represented an American triumph. Then came the 1930s, and Lindbergh would find himself on the wrong side of history. This lecture will examine Lindbergh's rise to hero status and his fall from grace, both in the eyes of his nation and his family. You will not want to miss this lecture covering one of America's most controversial figures. David Flanagan's lectures are always filled and seating is limited to 35. Either call 865-458-5199, or stop in the Library to reserve your seat. David suggests reading *Lindbergh* by A. Scott Berg, *Those Angry Days* by Lynne Olson, and *Against Wind and Tide* by Ann Morrow Lindbergh. The books are available in the Library thanks to a grant from The Good Neighbor Shoppe. Check out www.tvlibrary.org to find out about all the fun, educational, informative happens at your public library!
