Know Your Website—Chapter 2

It seems like a lot of Villagers know the secrets of navigating the Tellico Village POA website, yet there are many more who do not. This new Tell-E-Gram feature is designed for both groups. Hopefully, those who know how to log into the website and where to find things will learn something new. While at the same time, we are hoping that those who aren't as familiar with the website will take the opportunity to poke around and see what they can find.

In this second edition, we're visiting the Recreation page. After logging into www.TellicoVillagePOA.org, click on the POA emblem in the lower right hand corner of the photo at the top of the page. Once you do that, the screenshot below will appear. We have circled the Recreation button to highlight that page. On the Recreation page, some of the things you will find:

- Latest information on Rec News, Rec 101, schedules, etc.
- Lists of classes available at the different facilities
- Operating hours and links to other activities hosted by Recreation
- Pavilion rules and reservations information
- Contact information for our key Recreation staff

Hopefully, Villagers will find this new feature helpful and informative.

Public Meeting on Wastewater Sept. 15

There will be a public meeting sponsored by TDEC concerning the new draft discharge permit to be issued to the Madisonville wastewater treatment plant. This is an independent action, but consistent with the Consent Decree resulting from the litigation against Madisonville by WATeR and the TN Clean Water Network. Members of WATeR would appreciate a good public turnout to show support for enforcement of terms of this permit.

Place: Sequoyah High School Library, 3121 Hwy 411, Madisonville, Monroe County, TN

Date: Tuesday, September 15, 2015

Schedule: Open House Informational Session: 5:30 to 6:30 PM ET

Proposed Permits Presentation & Public Hearing: 6:30 to 8:00 PM ET

Public comments will be received concerning the proposed permit action described below. The proposed permit contains limitations on the amounts of pollutants to be discharged, in accordance with Federal and State standards and regulations. Permit conditions are tentative and subject to public comment. Tennessee is noticing a public hearing due to public interest of water permitting issues in the area.

Tennessee proposes to modify an individual NPDES Permit issued to the City of Madisonville for operation of its sewage treatment plant (STP), Permit Number TN0025020, located at 619 Tellico Street in Madisonville, Monroe County, Tennessee. The modified permit will authorize operation of an upgraded treatment system whereby the existing trickling filter process will be

replaced with extended aeration technology and related appurtenances. This activity is proposed to comply with existing permit conditions and to comply with Commissioner's Order # WPC13-0220. Load limits remain unchanged and nutrient limits are added to address unavailable conditions for the proposed discharge into Bat Creek.

Congratulations Tellico Village. The Patriot Day Golf Tournament held on Labor Day raised a record \$5,400. Your generosity is commendable. This year the funds raised will go to the families of the fallen Marines and Navy officer who were slain on July 16 of this year in Chattanooga. Thank you one and all.

AimPoint Express and Edel Golf Opportunity Sept. 24 and 25

One of the critical, if not the most critical, parts of playing good golf is putting. Players that effectively read greens, correctly evaluate green speed, and putt the ball on the intended line have more fun playing golf and win more often!

AimPoint Express is a teaching method employed by many top PGA Tour Professionals as well as countless amateur golfers. I am pleased to announce that Tellico Village Members and guests will have the opportunity to learn the AimPoint green reading method on Sept. 24 at **Toqua Golf Club**. This class is from 10 a.m.-noon and will be taught by Certified AimPoint Express Instructor and PGA Member Scott Sikorski. The class cost \$200 and space is very limited; please click the following link for additional information and call the Toqua Pro Shop to sign up.

As a personal note, I have personally gone through the Aimpoint Express Class, and let me tell you, it was AWESOME!! It is a great and simple system for reading greens and making putts. It's a fantastic way to take out the guess-work and have more confidence in your putting. Anyone at any playing level can learn these simple steps and start making putts. It is one of the best investments any golfer

can make.

On Friday, Sept. 25, we will be hosting an Edel Golf putter, wedges, and iron fitting session. Scott Sikorski will conduct this as well as he is an Edel Master Fitter. Fitting will be on an appointment basis only, and it is FREE. If you want to be fitted like your favorite PGA or LPGA Tour pro, then this is a must. I had the pleasure of going through a putter fitting, and it has changed my life. It was an amazing experience to not only find out how poorly I aim my putts but also how to control my ball speed when putting. We have had over a dozen Cillagers step up to the process and add a Edel putter or wedges to their bag.

Sincerely, Adam Jacob, PGA, Head Golf Professional, Tanasi Golf Club

New to the format we have two sets of tees, forward tee for non-competitive division and ladies competitive division and a men's set of tees who play in the competitive division.

You can create your own foursome, sign up as a couple, or sign up as an individual. (Golf staff will pair-up couples and individuals.) Drinks, dinner and an awards presentation will follow play. The entry fee is just \$20 per player, excluding cart and green fees (see below).

Tennessee Leash Law

Did you know Tennessee has a state leash law? Dog owners must keep their dogs on a leash when not otherwise confined. The law is for the safety of your dog and for your neighbors. Even friendly dogs can pose a health hazard to some of our more frail residents or may frighten others. Responsible pet owners make for good neighbors!
