Tellico Village Employees Recognized for Going Above and Beyond

By Winston Blazer, General Manager

Recently, a Tellico Village property owner was in the process of being scammed by a complete stranger. In this scam, he received a phone call and was told that his grandson was in jail. He was then told that he needed to immediately purchase \$6,000 in Wal-Mart gift cards to have his grandson released from jail. The resident proceeded to go to a local Wal-Mart and purchased six \$1,000 gift cards.

A Wal-Mart employee noticed that something wasn't right when the property owner explained his situation. She questioned him and he was adamant that he needed to purchase the gift cards. The Wal-Mart employee immediately contacted two TVPOA staff members and alerted them of this situation. Vicki Klatt and Adam Jacob then got on the phone with the property owner and they gave an in-depth explanation as to how this specific scam works. The property owner did not believe them. The Wal-Mart employee spoke with Vicki and Adam again and decided to have the cash transferred to other gift cards so that the property owner could not give the scammers the gift cards that had money on them.

Once the property owner was back in Tellico Village, Adam took the gift cards and locked them in a safe. He called the Loudon County Sherriff and the Sherriff also tried to explain what was happening to the property owner, but the property owner still didn't believe anyone. After much discussion with the property owner, Vicki and Adam were able to get ahold of his son and his son was able to explain that the property owner's grandson was not in jail. Adam proceeded to take him back to Wal-Mart to return the gift cards and to get his cash back. Adam then took the property owner to the bank to return the money to the property owner's account. Because of their dedication in helping this resident, Vicki and Adam are being recognized as going "Above and Beyond". Their knowledge and quick-thinking saved this specific resident from spending thousands of dollars and their actions are very much appreciated. The TVPOA staff is happy to help our residents – in any capacity. I commend Vicki and Adam for their help in this ordeal. Please continue to read on below for some common scams that specifically target retirees.

Popular Scams and How to Protect Yourself

With the evolution of technology, we are more susceptible to scams than ever before. Below, you will find three popular scams and how to protect yourself from becoming a victim:

- The IRS Scam – This scam has become very popular in recent years. Usually, a person will receive a phone call and the caller will say that they work for the IRS. They may provide some details that they know about you (such as your name and address). They will say that you owe the IRS money, demand immediate payment, and if you don't comply, they will threaten arrest. If you get a call like this, hang up. The IRS will never call and threaten you. If there is a tax issue, they will alert you via mail. For more information on tax scams, visit www.irs.gov.

- The Grandchild Scam – Many Tellico Village residents are grandparents. Unfortunately, there is a scam directed towards this demographic. Scammers will call pretending to be a grandchild or great-grandchild, trying to get money from their grandparents. They will use Facebook or other social media sites to figure out details of their life and will use this information to get the grandparents to open up in conversation. If you don't recognize the phone number or the voice, make sure you ask questions that only your grandchild would know. If they cannot answer or hesitate, hang up. Do not send them any money.
- The Obituary Scam – Scammers will read obituaries from a local newspaper and often target recent widows/widowers. They will email or call the widow/widower and tell them that their spouse had an outstanding debt and will demand money. The scammer may know some minor details pulled from the obituary and will sound convincing. It's important to keep in mind that legitimate companies will not intimidate or threaten you. Do not give any personal or financial information over the phone. If they claim to be a bank, hang up and go to your local bank to see if the call was legitimate. These are just a few scams that specifically target retirees. Always be aware of the information that you put on the Internet. Educate yourself and keep in mind that if something doesn't seem right in an email or phone call, it's likely a scam.

Tellico Village University is growing, now offering 18 or more courses per semester; and we offer two semesters per year. If you have attended a TVU event, you know how valuable our Class Coordinators are in setting up the room, ensuring that the instructor has all media and materials on hand, making introductions, and handling thank you's at the end of the course. We could use a few more coordinators to work with our fantastic team. This is a very simple, but important role that serves our villagers. Coordinators select courses and are assigned courses to work that suit their availability. We know that many Villagers enjoy traveling and we do not interrupt the travel plans of our coordinators. For most courses, our coordinators work in pairs. Coordinators may attend most TVU courses tuition-free as long as they are active with us. To learn more and to be invited to an orientation, contact TVU Director Cindy Solomon through the TVU website at www.tvuniversity.org. Celebrating Kahite Culture

Kindness, caring, fun, and volunteering are often the words used to describe Kahite's culture. The Hopewell Volunteer Fire Department Fundraiser and Kahite Community Day certainly proved that special culture. It was a wonderful day with a lot of Kahite fun in the air. It is amazing to see what a community can do when everyone is focused on the right thing. From the street captains to the clubhouse/PUB workers to the Par 3 hole watchers, there were over 50 people pitching in to make it happen. Street captains play a massive role in stuffing newspaper boxes, reminding neighbors and collecting the important donations to help Hopewell maintain their fire department. The club house team managed the menu, golf registration, mulligans, door prizes, Hole #3 observers, desserts, goody bag stuffing and silent auction tracking. Our team this was led by Pat Dent and Dee Russo, they did a tremendous job coordinating a wide variety of activities and volunteers. The signage team has to ensure all appropriate signs are created both for commercial and personal designation and place them at the proper hole/street locations. This team was lead by Todd Phipps. Todd also filled all the "goody bags" with the freebies. The Commercial Collection team went door-to-door in Vonore and Madisonville soliciting funds, door prizes and auction items from various businesses. There were over 20+ silent auction and 5 live auction items. There were 60+ organizations make contributions. Mini-Putt Masters created a challenging putting contest at the Practice Green. This extra event for golfers and non-golfers added a special touch to the day. Life Star Helicopter landing was coordinated by Joan Mulliner and Jolyne Thoreson. What an experience to see this medical lifesaver land at the tennis courts and listen to the individuals discuss their capabilities. We are lucky to work with Jeff Harrington, he was an outstanding professional to work with in the details around the tournament and generating the fun day! Casey collected over \$600 in the long drive on #18. A special thanks to the Pro Shop Staff who accurately tracked payments & registrations for the event: Dave, Denny, Jim and Harold. Make sure everyone takes the time to thank your neighbors for their contributions; we need to feel proud not only for living in Kahite but for the kinds of people who make this place special.
