Tellico Village Roads

By Jeff Gagley, Director of Public Works

In June 2016, Jacobs Engineering Group, Inc. delivered a Technical Memorandum to Tellico Village which stated the following items:

- Tellico Village streets are the most used asset of the POA in Tellico Village with the greatest expense to maintain.
- Overall, Tellico Village streets are in very good condition.
- The Village's street overlay program was halted due to the economic downturn and no streets have been repaved since 2008.
- Pavement Management Program: Take it to the next level.
- Public works must keep an eye out for new and improved products to extend the life of our streets.
- Look into a Geographical Information System to help pavement management.

In order to analyze the roads, a PSAC Road Subcommittee was formed in March. This subcommittee conducted extensive online research on the following topics: pavement methods, styles, and techniques, pavement preservation and product discussions. We utilized websites, webinars, magazines, articles, and reviewed numerous videos. The subcommittee was appointed by the Board, and comprised of two Tellico Village residents (Charles Queener and Ken Holland), as well as myself. Charles Queener previously worked with the FBI, is a Tennessee native, and has lived in Tellico Village for two years. Ken Holland (PSAC Chairman) previously worked in the construction/concrete business, has lived in the Village for ten years, and is originally from Baton Rouge, LA.

The three of us met with numerous asphalt and pavement preservation professionals both on site and off site. This includes experts who have worked with the Metro Nashville Public Works Department, Pavement Restoration, Inc., Collier Engineering, as well as the Director of Public Works and Paving Manager for the Metro Nashville area. In these meetings, we were able to drive through many neighborhood roads in Tellico Village. After some discussions and inspections of the roads, we were given several recommendations for various neighborhood roads and parking lots.

If you missed the Board Workshop on May 2nd, I encourage you to head to the TVPOA website to view our slideshow. It contains observations and recommendations and it is very thorough. Tellico Village Ladies 18 Hole League Member-Member

Fun was in abundance when the Tellico Village Ladies 18 Hole golf league recently held their member-member tournament. Results are from the 1st day's play at Toqua as the weather did not cooperate for play on the 2nd day. Despite the weather, the ladies had a wonderful luncheon at Kahite. There were lots of laughs as our pro Jeff Harrington "buzzed" around while presenting the awards.
