Men's Golf Tourney Shaping Up to Be Outstanding Event

By **DICK PARKHILL**

Member-Guest Tournament Committee

The 2010 Men's Member-Guest Golf Tournament Committee has been very busy coordinating activities and aligning sponsorships to ensure this year's event will be another resounding success. The tournament dates this year are July 21-24. A letter and application have been sent to last year's participants giving them the first opportunity to be included in the 2010 tournament. Completed applications and payment of \$550 per team must be submitted by April 23 to the Tanasi golf staff.

Tellico Village property owners who did not play in last year's tournament, but would like to participate this year may enter a lottery to fill the open slots. To enter the lottery simply pick up an application at the Tanasi Clubhouse, complete it, and submit it with your payment of \$550 to the golf staff at Tanasi on or before April 30. The lottery drawing will be on Monday, May 3. Those selected in the lottery for the open positions will be contacted by phone and email during the week of May 3. Call the Tanasi pro shop, 865-458-4707, with any questions regarding the tournament or the lottery process.

This year's tournament features a field of 72 two-man teams who will be organized into 12 flights based upon the team's combined handicaps. This is a match play

tournament that includes three different formats (scramble, four-ball and Pinehurst alternate shot). Points will be earned based upon each team's performance in each match. Points are accumulated throughout the three-day tournament to determine the winner of each flight. The 12 flight winners participate in a "shoot-out" on the afternoon of the third day which always includes high drama! Lots of spectators participate in the "shoot-out" by following their favorite team.

There are many special events in the works for this year's tournament. The Tellico Village Home Tour is planned for this year again along with a boat show sponsored by Sea Ray of Knoxville. More details will be available next month regarding these events. Also, a "Stag" party will kick off the activities on Wednesday evening where tee gifts are selected. The traditional ladies luncheon at the Yacht Club will take place on Friday. All activities are wrapped up at the Yacht Club during the final night banquet which includes a wonderful dinner and an awards ceremony.

All of this is only possible because of our outstanding sponsors. This year's list of sponsors include: E-Z-GO, Cooper Homes, The Weaver Homes Co., Inc., The Gilliam-Montgomery Group of UBS, Rice Automotive Group, Sea Ray of

Knoxville, *The Connection*, Food Lion, Fritts and Associates, Family Dental Care, Rick Terry Jewelry Designs, The Village Salon and United Community Bank. The tournament committee and all tournament participants appreciate your support of this year's sponsors.

The 2009 Men's Member-Guest Tournament Committee includes Director of Golf Jim West, Frank Bergren, Barry Corle, Paul Harrick, Doug Lottes, Joe Mulherin, Dick Parkhill, Len Willis and Tony Ziomek. If anyone has questions about this year's tournament, please contact Jim West, a member of his staff, or a member of the tournament committee.

Village Directory Available for Review

The Spring/Summer Tellico Village Directory is available for review through Saturday, April 24, in the Tellico Village Library and Kahite Clubhouse. Forms for additions/deletions/changes will be available.

Dam Lock to Close April 20-May 20

According to Tennessee Valley Authority, The navigation lock at Ft. Loudoun Dam near Lenoir City will close for repairs and routine maintenance beginning April 20.

The lock, which raises and lowers boats and barges so they can move from one reservoir to another, will be closed to all boats and watercraft for approximately 30 days.

The parking lot on the south side, or lock side, of the dam also will close to provide storage for construction equipment and access to the lock. Visitors should use the parking areas on the Lenoir City side of the dam.

Repair crews with TVA and the U.S. Army Corps of Engineers will “dewater,” or remove the water from inside the lock, to clean and paint the large lock gates, work on the lock valves and perform general maintenance.

This project is part of TVA’s asset preservation program, a maintenance program to protect the integrity of the dams and ensure the safe operation of the lock system. The same work is scheduled for the Watts Bar navigation lock this fall.

For more information about TVA navigation locks and how they work, go to <http://www.tva.com/river/navigation>.

The Tennessee Valley Authority, a corporation owned by the U.S. government, provides electricity for 9 million people in parts of seven southeastern states at prices below the national average. TVA, which receives no taxpayer money and makes no profits, also provides flood control, navigation and land management for the Tennessee River system and assists utilities and state and local governments with economic development
