Recycling in Village: What Goes in Your Single-Sort Bin

We are glad to announce that the Tellico Village recycling program has been enhanced.

What can I put in my recycling Bin?

- Cardboard (flatten and place beside you Bin)
- Glass bottles and jars: clear, green, amber (rinse and discard lids)
- Junk mail, magazines, catalogs and phone books
- Metal cans: aluminum, steel
- Office and school paper
- Newspaper
- Plastics #1 through #7

What does NOT go into my Single Sort recycling Bin?

- Batteries of any kind
- Bubble wrap
- Chemicals
- Diapers
- Food-soiled paper products (such as pizza boxes)
- Hardback books
- Household hazardous waste
- Kitchen waste
- Oil
- Paint

- Plastic Bags
- Plastic takeout containers and utensils
- Styrofoam
- Tires
- Trash
- Waxed cartons
- Yard Waste

For more information, call Waste Connections, 865-458-6217.

Some Other Stuff You Need to Know...

TV Kiwanis takes on challenge of tetanus

Tellico Village Kiwanis Club members are committed to “serving the children of the world.” They do so in many ways, and now have taken on a new challenge: To help eliminate maternal and neonatal tetanus worldwide.

The Eliminate Project is an extraordinary opportunity to remove a terrible disease from the face of the earth. A \$1.80 protects a woman and her newborn babies from the agonies of and death from tetanus.

Background

Kiwanis International in partnership with UNICEF has embarked upon a five year campaign to eliminate maternal and neonatal tetanus (MNT). Tetanus kills mothers and newborn babies each year, mainly due to inadequate immunization coverage, lack of safe-delivery services and improper post-partum care. In fact, one baby dies every nine minutes, which are 160 deaths each day from this killer disease.

Fortunately, medical science has developed a vaccine which can eliminate this deadly disease, and has successfully done so in the United States. Until now this lifesaving vaccine was not available in developing countries—where this dreaded killer currently threatens millions of women and their future offspring.

Kiwanis International, between now and September 2015, intends to raise \$110 million for purchasing vaccine and syringes enabling UNICEF workers and other qualified healthcare providers to inoculate more than 61 million women of child bearing age. Most of these women reside within nearly forty of the world’s most impoverished countries. Most tetanus related deaths occur where mothers and women of child-bearing age have not had the chance to be properly diagnosed or treated. Most have little or no access to hospitals.

Club Board member Bob Treece notes: “Once a mother is properly vaccinated, not only is she protected, but she passes along the immunization to her newborn child, thus preventing her baby’s death—while further hastening the elimination of both maternal and neonatal tetanus.

Club’s Commitment

The Kiwanis Club of Tellico Village strongly endorses the Eliminate Project, and has set the following goal: Generate 100% contributions from club members—while developing promotions to raise donations from within the community. The club’s members enthusiastically embrace this challenge.

As a first step the Club formed a task force—charging them to develop both short and long term efforts that would target not only its members but the broader community as well.

Club President, Ray Scott said, “Imagine, for a \$1.80, you can help prevent a mother and her babies from suffering an agonizing death due to tetanus. Once a baby has tetanus, **the baby will die**. But you can prevent it! When Tellico Village residents and others in the area perceive the merits of this campaign and the significant benefits it provides, they will add their support to this important charitable endeavor.”

Kiwanians launch Eliminate Project at March 31 pancake breakfast

(Continued on page 3)

Kiwanis conducts many fundraisers throughout the year, with the proceeds supporting numerous charities. One of its most popular events is its pancake breakfasts. The next will be held Saturday, March 31, at the Tellico Village Community Church. This breakfast will help showcase the **Eliminate Project** as well as serve as a collection point for donations. Promotional flyers and signs will emphasize: *If \$1.80 can save one life, an \$18 gift would spare 10 lives. Just imagine how many could be saved if Tellico Village residents and others would join with us in this effort.*

Going forward, Task Force Chair, John Holmes said, “The TV Kiwanis Club will be considering several other promotional ideas for eliminating maternal and neonatal tetanus once and for all.”

Donations are tax deductible: Make checks payable to TV Kiwanis Foundation. Mark it “Eliminate Project.” These can be brought to the March 31 Pancake Breakfast or mail to: Mike Cottle, Treasurer, 324 Mingo Way, Loudon, TN 37774.
