TVPOA's Financial Report for September

This report is intended to provide property owners a snapshot of where the Association stands financially as of Sept. 30, 2012. For the ninth month of the year, the POA year-to-date net income is better than budget by \$768,000. Year-to-date revenue is \$368,000 better than budget and expenses are \$400,000 less than budget.

The main driver for the net income and expense variance is the budgeted dollars for road work. The budget included \$703,000 for paving and striping in September. The scope of the project changed from solely paving to a combination of paving and rejuvenation. The actual project cost of \$320,000 will occur in October, creating a savings to the budget of \$383,000.

September 2012 financials

Total revenue in September was \$1,300,000 versus a budget projection of \$1,312,000. This is a shortfall to the budget of \$12,000. The major revenue variances included:

- Golf revenue is \$37,000 lower than expected
- Assessment Income and Interest charged on past due accounts were \$28,000 and \$32,000 better than budget, although, they were offset with an increase to bad debt expense of \$47,000 due to low collectability of certain accounts
- Fitness revenue is \$4,000 better than planned
- Interest income was \$4,200 lower than planned
- Tank Interceptor Revenue is \$19,000 lower than planned
- Water/Sewer Service Revenue is \$10,000 under budget

There are a few other smaller variances that combine with these to create the total variance.

Total expenses and cost of goods sold in the month of September were \$1,252,000 versus a budget projection of \$1,904,000, creating a positive variance to budget of \$652,000. The major expense variances in September include:

- Bad Debt Expense increased by \$47,000 due to low collectability of certain

assessments and service charge income.

- Maintenance of Land and Streets is under budget \$681,000. The budget included \$703,000 for paving and striping in September. The scope of the project changed from solely paving to a combination of paving and rejuvenation. The actual project cost of \$320,000 will occur in October, creating a savings to the budget of \$383,000.
- Maintenance of Land and Streets also includes actual costs of \$22,000 for a sinkhole repair at The Neighborhood. Repair costs of \$150,000 were included in the April budget. Actual repairs are nearing completion and are not expected to exceed \$25,000, creating a \$125,000 savings to the budget.
- Rent expense for Public Works is under budget by \$3,300. This rent expense was included in the budget so the Public Works could rent temporary facilities. Public Works moved into the administrative building instead.
- Management Fee for the Yacht Club is lower than planned by \$8,400.
- Interest Expense is under budget, \$6,200.
- The marketing initiative for POA lot disposal has unbudgeted costs of \$26,000.
- Insurance proceeds of \$5,700 for the total loss of a golf maintenance truck due to fire were recorded as a gain on the disposal of a fixed asset.
- Several repairs throughout the Village for drainage and water leaks created a shortfall to the budget of \$31,000 for maintenance of water and sewer lines.
- Wages & benefits were \$49,000 under budget mainly due to the reduction of seasonal workers and golf maintenance efforts to utilize part-time workers in order to reduce overtime.

The resulting net income for September is \$47,000 versus a budgeted net loss of \$592,000. This is a positive variance to the budget of \$639,000.

As always, there are a number of other smaller variances that combine with these listed to create the total variance.

2012 year to date

Year-to-date total revenue is \$11,389,000 versus a budget of \$11,021,000. This is a positive variance as compared to budget of \$368,000.

The revenue sources that make up the variance are:

- Golf revenue \$37,000 lower than planned
- Assessment income was higher than planned by \$350,000, but offset with bad debt expense due to low collectability
- Interest charged on past due accounts was higher than planned by \$244,000, but offset with bad debt expense due to low collectability
- Fitness revenue is \$43,000 better than planned
- Interest income was \$37,000 lower than planned
- RV Storage revenue is under budget by \$39,000. RV Storage was budgeted for an expansion however the project was completed later than budget projections.
- Tank installation revenue, \$116,000 lower than planned, offset by lower cost of tank installation, \$108,000, a net decrease of \$8,000
- ACC new home and misc permits are lower than planned by \$18,000
- Water and Sewer Revenue \$33,000 higher than planned
- Gas Dock revenue is \$31,000 lower than budget, however, actual gross profit was a positive \$36,000

Year-to-date total expenses and cost of goods sold are \$11,114,000 versus a budget of \$11,513,000. This creates a positive variance to budget of \$400,000.

The major variances through September include:

- Maintenance of Land and Streets is under budget \$681,000. The budget included \$703,000 for paving and striping in September. The scope of the project changed from solely paving to a combination of paving and rejuvenation. The actual project cost of \$320,000 will occur in October, creating a savings to the budget of \$383,000.
- Maintenance of Land and Streets, \$75,000. Repairs were budgeted for a sinkhole repair at Tanasi Townhomes that was covered in 2011 expenses.
- Maintenance of Land and Streets, \$125,000. Repair costs of \$150,000 were included in the April budget for a sinkhole at The Neighborhood. Actual repairs are nearing completion and are not expected to exceed \$25,000, creating a \$125,000 savings to the budget.
- Bad Debt Expense increased by \$475,000 due to low collectability of certain assessments and service charge income
- Utilities expense is under budget, \$62,000
- Wages, benefits and personal costs are lower than budget by \$76,000

- Rent expense for Public Works is under budget by \$30,000. This rent expense was included in the budget so the Public Works could rent temporary facilities. Public Works moved into the administrative building instead. This budgeted rent expense totals \$40,000 for the year.
- Interest Expense is \$36,000 under budget.
- Utilities Expense is \$53,000 under budget.
- Management Fee for the Yacht Club is lower than planned by \$59,000.
- Maintenance of Land, Streets and Common Property is higher than planned by \$114,000 for the removal of trees and brush throughout the village due to the timing of planned spending.
- There were timing differences for several maintenance projects that are budgeted but not spent. Those projects include replacing piping at Mialaquo, \$39,000; replacing anchors and cables at the docks, \$19,500; Planned spending for the repair and painting of the Yacht Club top floor ceiling, \$11,000 may be pushed out to next year. Planned spending for laser grading of the tennis courts, \$13,000, has been pushed out to next year.

The total cash balance at the end of September was \$4,273,000. The September cash balance for operating is \$939,000 and \$3,334,000 in reserves. Cash balances are \$373,000 higher than budget mainly due to the timing of the road paving project and higher than projected prepaid user fees. However items that lower cash balances are higher than expected maintenance costs and unbudgeted spending for capital spending and marketing programs.

A copy of the September Balance Sheet and Income Statement is available to all property owners upon request at the Tellico Village POA main office.
