Distinguished Service Nominees for Honor Awards

On Nov. 14 the Honor Awards Committee will announce winners in several categories from the many nominations they received on Nov. 14. Here are the folks and groups nominated in the Distinguished Service Award category:

Ray and Nancy Barrett are recognized by their neighbors as "go to" people when there is work to be done in the Kahite neighborhood. Ray served on the Monroe County United Way Board of Directors for many years and, along with Nancy, helped make Kahite the highest percentage giving neighborhood in the Village. Nancy was a charter member of the Kahite Women's Club serving on its Board of Directors and as chair of the donation allocation committee, which oversees the distribution of tens of thousands of dollars to various Monroe County agencies. Nancy has also chaired the "Saturday Morning Coffee" in Kahite which welcomes new residents and serves as a venue for discussing Kahite neighborhood concerns.

Citizens Observer Patrol (COPS) was created by the Loudon County Sheriff, Tim Guider, in 2008 for the purpose of patrolling Tellico Village in marked patrol cars and reporting suspicious activity to the Loudon County Dispatch Center. After a year, their patrols expanded to other parts of Loudon County, and their activities expanded to house checks, directing traffic at events and accident scenes, and other duties assigned by the sheriff's office.

Gene Fischer: From 1996-2011, Gene Fischer dedicated his time to serving Tellico Village. Thirteen of these years were spent serving on many POA advisory committees and/or ad hoc committees, including the Finance Advisory Committee and Public Services Committee. He was instrumental in the creation of a long range planning committee and served on the POA Board from 1999 - 2002. He served on the Honors Award committee from 2004-2006. In his spare time he wrote a "History of Tellico Village" for the Village Connection. Community activities consisted of teaching dark room techniques to Lenoir City High School Journalism students and serving on the board of the Child Advocacy Center. He has served as a children's advocate with CASA in the 9th judicial district, and volunteers at the Good Samaritan

Center.

The Friends of the Tellico Village Library and its Board of Directors has been nominated in recognition of individual and collective efforts to bring a new public library to Tellico Village, to contribute to the general welfare and enjoyment of the community at large, to enhance the quality of Village life and to fulfill a major community need. From its humble beginning as a book discussion group and 500 books in a small alcove of the Yacht Club, the Friends organization provides the bulk of the Library's funds, including rent and utilities. The new library is a tribute to the vision and dedication of the Friends of the Tellico Village Library and its Board of Directors.

Joe Klint is a visionary. He sees a need, develops a plan to meet that need, and then implements it. A perfect example of this is the Tellico Joe Café, which is open on Sundays at the Community Church, and was developed by Joe to provide a venue for fellowship between worship services. He also has begun having monthly spaghetti dinners designed to both increase Church revenue and promote fellowship. The "Lunch Bunch," a ministry primarily for older residents for the purpose of social interaction, is also credited to Joe. For all these events, Joe does the shopping, rounds up volunteers to help him prepare the food, and serves it. Joe was also the driving force behind the creation of the Lions Club in Tellico Village and served as its first president. He put into place many of its practices and procedures that have generated multiple vision-related service projects. He has organized and taken the lead in many fundraising efforts, including the annual Oktoberfest celebration and Chili dinner. He served as producer of two Christmas-themed Variety shows and cooks the soup for the annual Chili/soup dinner.

Kathy Milam is secretary of the STAYinTV committee. STAYinTV is a committee formed to bring resources into Tellico Village to help seniors stay in their homes as long as possible. Kathy volunteered to work on putting together a 28 page resource guide that identifies services that would help do just that and is presently working on an addendum. She then came up with the idea to invite representatives of these services to an EXPO here in the Village. This came about in the spring of 2012 with Covenant offering health checks. She is presently working on a second EXPO for April of 2013.

Bob Mugge has served on the Board and as Vice President for the computer club here in Tellico Village. As chairperson of the Education Committee, he was responsible for conceiving, implementing, and maintaining a computer education center, purchasing 10 laptop computers for the center, and initiating individualized instruction; finding the instructors, scheduling the room availability, and maintaining the laptops.

Doug & Helen Nance have taught Standard American Bridge in Tellico Village for the past fourteen years. Their teachings go above and beyond the game itself, in that they incorporate how to be a good winner and how to be a good loser. Thanks to them, many residents in Tellico are enjoying their retirement through Bridge.

Rick Papke: You are probably aware of the AEDs (Automated external defibrillators) that have been placed at Toqua, Tanasi, the Yacht Club, the Rec Center and the Wellness center. Thank Rick Papke for being instrumental in purchasing them with the fire department funds and getting them placed there. He also conducts dozens of CPR classes to acquaint Villagers and POA employees with current techniques

Walt Roessler: "Monroe Musings" is what Walt Roessler calls his e-mail communications to the Kahite residents, providing information that affects their lives in Monroe County. He attends the monthly Monroe County planning meetings, budget meetings, and some school board meetings. He then passes on the pertinent information to the residents of Kahite.

USCG Auxiliary Flotilla 12-02 is a volunteer group operating in support of the United States Coast Guard and Department of Homeland Security. Their primary role is to protect and educate the boaters on Tellico Lake and the surrounding waters by offering boating classes, free vessel inspections, monitoring the navigational aids to assist local boaters, and patrolling for special events. The classes are designed for both beginners and experienced boaters. Their signature class is, "About Boating Safely" but they also offer a 1st mate class called, "Suddenly in Command", and a class on, "GPS for the Tennessee Boater". While returning from patrol late at night near Kingston on July 4, 2012, an Auxiliary patrol boat observed a powerless 27' cruiser with four aboard that was sinking rapidly. They were able to tow the boat to safety before the vessel sank at the dock. A potential tragedy was averted due to the experience and good training of the Auxiliary.

Vonda Young: As board member and president of the 9-hole golf league, Vonda Young was responsible for initiating "shotgun starts" as opposed to tee times. She then went on to serve on the POA golf advisory committee for several years. In 2006, Vonda was elected to serve on the Tellico Village Townhouse Association where she served two terms as president, drafted and implemented an amendment allowing separate neighborhood budgets, helped write a guide for service and covenant enforcement for the TVA Board, and spearheaded projects and social functions for the Chatuga neighborhood.

www.tellicovillage.org/images/tellico/pdfs/flyers/tanasischedule.pdf

There will be traffic control personnel on site. We will be making one-way streets where possible. One-lane traffic will be open at all times. We will have traffic control at cul-de-sacs where one way is not possible. If anyone needs to leave or enter, we need at least one hour notice, otherwise Caldwell Paving cannot be responsible for any tracking of sealant on driveway, vehicle, or homes. Home owners will be notified if any changes should occur. Dates may change according to weather.

We ask for your cooperation and patience, and ask you to limit your travel during restoration. Streets may be closed to two lane traffic for up to 24 hours after restoration.

Please call Harold (423-715-5204) and/or Jonathan (423-421-2400) for questions or if you need assistance for travel.

Helpful Hints

- Notify landscapers, trash pickup, or any outside service.
- Dry time may take up to 24 hours.
- If walked on before having time to cure, sealant will track on sidewalks, carpet, or inside of cars and CALDWELL PAVING will not be responsible.
- There will be a distinct harmless odor.
- Please shut down all sprinkler systems.
- If there is a chance of rain, high winds, or a late start due to traffic
- CALDWELL PAVING may cut back area or push the project back a day or more.

Thank you for your help and cooperation on this project!

Vasicek Shares Winning Pickleball Chili Recipe

For the second year in a row, Ron Vasicek's chili took top honors as "Best Traditional Chili" in the Pickleball Club's annual "Chili Cook-Off."

On a sparkling October afternoon, 54 attendees sampled eight great chili offerings, voting for their favorite in two categories: "Best Traditional Chili" and "Most Unusual Chili." After eating their fill, everyone managed to save room for some of the mouthwatering chocolate desserts, and had fun working off the calories playing pickleball.

Unselfishly submitting his winning recipe for publication Ron Vasicek observed, "Next year everyone will be able to make my chili! I will lose all my competitive advantage." In addition to Vasicek's chili, "Traditional" varieties were submitted by Kathy McKay, Diane Marotta, Janet Murray and Sue Newman. The "Most Unusual Chili" winner was Janet Winslow's pineapple chili. The other "Unusual" submissions were Kathy Sech's moose-meat and Bob Johnston's chicken/corn/hominy chili.

Pickleball Club President Dan Dyer thanked all those who helped set up and take down the party fixtures stating, "I'm sure that most of our busy players know that Janet and John Winslow do the lion's share of work on all of our social events and tournaments."

Dave Lessnau shot, edited and posted a video of the day which can be viewed at <http://www.youtube.com/watch?v=R2ZShkX8Vas>.
