P.E.O. Women Fundraiser: Christmas Mailbox Decorations

Members of Tellico Village Chapter AX of the P.E.O. Sisterhood gathered recently to craft Christmas mailbox decorations, which they sold to members and other Villagers as a fundraiser.

Jean Sanders, Fran Thompson and Peggy Lethen led a team of P.E.O. women who made 95 of the crafts, using evergreen branches, leaves and red berries. Proceeds from the project will be used to promote educational opportunities for women.

Founded in 1869, the philanthropic educational organization works to bring women increased opportunities for higher education through loans, grants and scholarships. P.E.O. also owns and supports Cottey College, a fully accredited women's college in Missouri. Financial assistance from nearly 5,900 chapters with over 250,000 members in the United States and Canada has exceeded \$222 million.

East Lakeshore Trail Hit Milestone Dec. 11

Tuesday was a milestone in the history of the East Lakeshore Trail. Fourteen volunteers answered the call to build 108 yards of trail to make the final connection of the Morganton Branch to the existing trail at the top of Wildcat Pointe ridge making Wildcat Pointe Trailhead the southern terminus of the East Lakeshore Trail.

Wouldn't you know it, Monday a snag about 14 to 16 inches in diameter fell across the trail just a few yards from our connection point. No saw was available, nor was there an axe, but that wasn't about to deter this group. Grabbing a mattock, Jim Blaker and Nils Johannesen began chopping and led the way in what turned out to be a team chop with mattocks cutting that beauty into three large logs that could be rolled out of the way.

Here are some stats: The Morganton Branch is three miles in length from Wildcat Pointe Trailhead to the soon to be built Peterson Road Trailhead. It is a 11.9-mile hike from Sinking Creek Trailhead to Wildcat Pointe Trailhead using the Lotterdale Branch, Jackson Bend Branch and Morganton Branch. The elevation on the trail at the top of the ridge is about 1,080 which means that one is about 267 feet above the summer lake level at that point. Counting connectors and shortcuts the entire East Lakeshore Trail involves slightly more than 24 miles of completed trail. This accomplishment was made possible by many people working many hours over a period of nearly 10 years. Thank you, everyone!

More About East Lakeshore Trail

According to Bob Martin, "The East Lakeshore Trail is the product of a successful nine-year partnership between WATeR and TVA. WATeR is an all volunteer not-for-profit organization dedicated to the conservation of natural resources in the Tellico Reservoir Watershed, and promoting clean water and appropriate outdoor recreational pursuits. In March 2003, WATeR and TVA entered into a formal cooperative agreement to build the East Lakeshore Trail. [As of October 2012], about 23 miles of trail has been completed and is open to public use.

"The trail at this time consists of six distinct branches, with a seventh under construction, accessed from four trailhead parking areas with a fifth expected to be built soon. It is envisioned the trail will ultimately stretch more than 30 miles from the Tellico Dam to Wildcat Point Trailhead located near U.S. Highway 411 near Vonore. In effect it is being managed as a linear park featuring four information kiosks with maps, numerous bridges, fence stiles and stairways, mile markers, benches at scenic view sites, three boat landing access points, and numerous directional and information signs.

(Continued on page 3)

“WATeR pursued development of the East Lakeshore Trail as a major community recreational asset, but another impetus was to help deter the possibility of future sale and destruction of the beautiful forested lands along Tellico Lake for the purpose of commercial and residential development.”

The East Lakeshore Trail was designated a National Recreation Trail, a component of the National Trails System, on May 30, 2012, by Secretary Of The Interior Ken Salazar. The plaque is currently hanging in the Wellness Center foyer.

Badminton Club Raised Funds for Hugs for Our Soldiers

Recently, the Tellico Village Badminton Club sponsored a Feather Birdie Day Event as a venue for the purpose of collecting sheets and cash donations in support of the charity "Hugs For Our Soldiers." The club held games using feather shuttlecocks which are normally used during tournament play. A continental breakfast was served after the badminton session.

"Hugs for Our Soldiers" (the successor organization to Hugs For Soldiers) is a volunteer based, non-profit organization that has supported our troops since 2003. Care packages, letters and cards are sent to troops in Afghanistan, Iraq and Kuwait. The group offers other programs such as adopt a soldier, welcome home packages etc.

Members of the badminton group donated 20 sets of extra-large single-size bed sheets and cash donations for at least 20 more sets. Members of "Hugs" puts new sheet sets on the beds of soldiers returning to their home bases.

Brenda Wendoloski, Social Chairperson for the Tellico Badminton Club and organizer of the collection said, "I was thrilled with the generous participation of the badminton members. Anything we can do to make life a little nicer for our servicemen and women is time well spent."

Please see Hugsforoursoldiers.org for more information about the organization.
