Ducts have been temporarily sealed and the old pad has been cut. The next action is to form and pour a new pad. TVB CORNER

There was a dramatic increase of online viewers of TVB programming, proving Tellico Village Broadcasting is mirroring the broadcasting community in that they are viewing broadcast TV less, and viewing on demand, online, and a myriad of online content providers more.

2019 and beyond will be exciting and challenging times. There is one program in post-production that is expected to be truly amazing. New programming is in the works, and some interesting joint projects are in the discussion phase. Anyone who wishes to join us and continue be part of one of the most creative teams in Tellico Village, please contact Tellico Village Broadcasting.

Special thanks to the HOA and Annette Schmidt for helping make 2018 a successful year for TVB.

Here are summaries of the two latest productions from TVB.

Soup's On for the Child Advocacy Center January 17th at the Christ Our Savior Lutheran Church. Join Chris Evans Longmire, Executive Director of the 9th Judicial District Child Advocacy Center and TVB Host Linda Crawford. During this exclusive TVB interview Linda learns about all the work the CAC does, and how you can help support it in many ways, including the unique Soup's On Event that will be held at Christ the Savior Lutheran Church on January 17th. Watch this TVB production online anytime at <https://vimeo.com/309160762>. Tellico Villagers who subscribe to Charter/Spectrum can also watch it on channel 193.

Smoky Mountain Raptor Center recently released two Horned Owls they had rehabilitated at their facility. Intrepid TVB cameraman Tom Valenzo was on-hand trying out a new on location camera purchased by the station for events such as this. Join the action online at <https://vimeo.com/309641765> and see these two beautiful birds released. Who knows, perhaps they will be making their homes near you. Tellico Village Residents who subscribe to Charter Spectrum may also watch this TVB production on Channel 193.

KAHITE: COURSE DOG & AWARDS

Dogs are known to have a comforting presence, and what place is a comforting presence needed more than a golf course. Courses across the world have long embraced golf course dogs. However, few compare to Kahite's own Snickers. Snickers is an 18-pound Dachshound, Husky, Lab Mix that is full of personality. He is friendly, loves and demands attention, extremely intelligent, and disciplined on command. He prefers to play with large dogs. Mary and Jordan Clark are convinced that he has little man syndrome and is hesitant to play with dogs smaller than him. Mary and Jordan found Snickers on Craigslist as a young puppy, probably less than 1 year old. He is a natural born hunter for small game and loves being outside which, makes him a great fit for a golf course dog. He is only 6 years old, so he has many years left running the fairways at Kahite, on which

he has been clocked at speeds of 23 MPH, So the next time you are out at Kahite, keep an eye out for Snickers, if you blink you may miss him. Another bright spot for Kahite came in the form of the 2018 Tennessee Turfgrass Association Environmental Stewardship Award. We would like to congratulate Jordan on this achievement, and thank him for his hard work and dedication to making Tellico Village a better place.

AMERICAN LEGION POST 256

American Legion Post 256 Commander Robert Haldi presents an appreciation certificate to Major General John Cardwell. American Legion Post 256 was delighted to have Major General (MG) John Cardwell, a native of Loudon County as this year's first guest speaker. General Cardwell graduated from the University of Tennessee in 1984 with honors as a distinguished military graduate. He currently resides in Lenoir City. General Cardwell is a combat veteran and is currently serving as the Special Assistant for Reserve Matters to the Commander of the North American Aerospace Defense Command (NORAD), as well as the the US Northern Command at Peterson Air Force Base, Colorado.

The Legion meeting was opened by The Tellico Village Singers, delighting members with singing some patriotic songs. MG Cardwell, in an excellent briefing, provided the Legion Members with some enlightening information about the current command structure and capabilities of those commands. He explained the new structures were updated as a result of 9/11, recent natural disasters, and the need for the security of large events. Points that highlighted the General's briefing: The commands monitor the movement of all nuclear weapons, monitor all civilian aircraft, monitor ship movements, and when anything is fired into the sky the government is aware of it and can track it. Also, he discussed some details of the newest policies in the works concerning the monitoring of drones. For additional information about the American Legion visit the Post 256 website: www.tellicolakepost256.org.

JANUARY REC NEWS

Another fabulous year is behind us and we in the Recreation Department are super excited about everything that's happened this year. We reached 15 miles in trails throughout the main Village and Kahite. We had a very successful maintenance shut down, where we installed new flooring and cardio equipment in the exercise room, resurfaced the indoor pool, cleaned and sealed all the tile throughout the facility, and much more. The pickleball courts got a fresh coat of paint, the Chota tennis fencing was dressed up and the clay tennis courts were laser graded. Not to mention the approval of not only a new dehumidification unit at the Wellness Center pool, but also a new Annex facility at the Kahite Activity Center. These projects are underway.

The Kahite Annex closed on December 23rd to begin preparation for construction there. The indoor pools at the Wellness Center closed on December 27th.

TV UNIVERSITY IS NOW OPEN FOR 2019 PROGRAM

TELLICO VILLAGE UNIVERSITY IS NOW OPEN FOR 2019 PROGRAM

CHAUCER IS COMING TO TELLICO VILLAGE

February 5th 9:00 – 11:00 Yacht Club Gallery

That's right, and so are a lot of other interesting and informative "characters" coming to the Spring 2019 Tellico Village University program.

Dr. Sam Overstreet, Professor in the Humanities at Maryville College, kicks off our Spring semester as he leads us in an insightful study of two of Chaucer's Canterbury Tales. THE PARDONER'S TALE features the pardoner himself, reveling in describing how he tricks elderly widows out of their last penny by doctoring up fake relics and making fancy speeches with Latin flourishes. He's a con-man, by his own admission, yet he tells an exceedingly moral tale. The NUN'S PRIEST'S TALE is one of the best candidates for a tale that manages to do both pleasure and moral instruction simultaneously. Yet the Nun's Priest also seems to have his own axe to grind in the telling of his tale. What is Chaucer saying with this tale and this teller about what it takes to be the kind of person who can be edifying while also keeping people entertained?

THE LIFE AND TIMES OF GENERAL WINFIELD SCOTT: AMERICA IN THE EARLY 1800'S. Jackie Curtiss Feb 22, March 1, 8, 2019 Chota Rec Center Room D 9:00 – 11:00 Villager Jackie Curtiss is back with another selection of history through her unique style of story-telling. If you have attended a class with Jackie before, you know you are in for a treat. If you have not, what's stopping you? General Scott was one of our youngest generals ever in the War of 1812, led the Trail of Tears, took the US Army to victory in the Mexican-American War, and was still head of the army at the start of the Civil War. And along the way, he ran for President.

NAVIGATING CONFLICT SUCCESSFULLY is presented by Villager NIKKI CALVANO, JD, MS Strategic Leadership March 12 9:00 – 11:00 Chota D

Do you ever engage in groups where there are people who always raise conflicting ideas, experiences, and preferences? GOOD! This session will be very helpful for anyone who plays a leadership role in any type of organization. A Tellico Village organization, a community project, church, or a professional or special interest group of any kind. Let's face it people will be people, and where there are two or more, there will be conflict! Would you agree? Here's your chance to learn some techniques and gain insights into identifying conflict and guiding others to use that conflict in a constructive way. WELL WORTH YOUR TIME AND PARTICIPATION.

JUST PUNISHMENT: A LOOK AT INCARCERATION AND ITS PURPOSE IN THE CRIMINAL JUSTICE SYSTEM. March 13th 6:00 – 8:00 Chota Rec Center Room D

Consider this:

- In March of 2017 the Loudon County commissioners approved \$15 million in jail expansion.
- There are 33 registered sex offenders who live among us in our county.
- The United States has approximately 4.4% of the world's population and 22% of its prisoners.
- Over 5% of Americans will have an experience with the jail system.

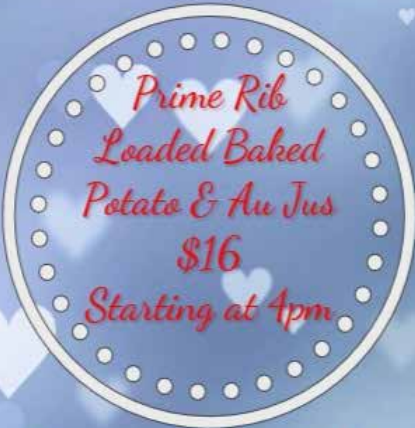

DR. REGINA BENEDICT - Criminal Justice Professor at Maryville provides an overview of the justifications of punishment and how they relate to current practices within adult corrections; incarceration as a gendered experience by comparing male and female inmates and facilities; inmate subcultures and coping during incarceration and the prevalence of drugs and addiction within prisons and current practices of rehabilitation.

PLEASE MAKE THIS CLASS KNOWN TO YOUR NEIGHBORS, CHURCH FRIENDS AND ANYONE WHO DOES ANY TYPE OF MINISTRY OR SOCIAL PROGRAM WITH INCARCERATED PERSONS.

PET OF THE WEEK: SASHA

Sasha is a beautiful, happy, medium size brindle Mountain Cur mix, about 3-4 years old. She weighs about 40 pounds and was picked up as a stray. Sasha walks very well on a leash. She is a very gentle eager-to-please lady who we believe would do well with children of any age. She loves cuddling; being scratched behind her ears and does not jump on people. Sasha is currently heartworm positive and on medication which will be provided to anyone who adopts her. She does not bark and is so happy when someone comes to see her. Sasha is at least partially housebroken as she understands that her "business" should be done outside. She is so deserving of a forever family; please come visit with her if you are looking for a wonderful addition to your home.

Please take the opportunity to meet Sasha and the other animals at the Monroe County Animal Shelter located at 170 Kefauver Lane in Madisonville (behind Wal-Mart). The shelter is open Tuesday-Friday from 11-4:30 and Saturdays from 11-2. While you're there, please remember the dog or cat's true personality may not show through immediately in the shelter environment. Their kennel is now their "safe place" and some struggle a bit when removed from it. That, by no means does NOT mean they aren't sweet, loving dogs or cats. It simply means they are uncomfortable or scared. Take the time to meet each dog. Pet him or her while they are still in their kennel and let them get used to you for a few moments before you take him/her for a walk around the shelter one-on-one. Once you get them home and they feel secure all will be well. All animals adopted are spayed or neutered, have age appropriate vaccinations and testing, and are microchipped (with registration).

Would you consider becoming a foster for puppies, kittens and adult dogs and cats? Some just need a break from shelter life, some are awaiting their turn on a rescue transport, and some just need some love. If you feel that you cannot adopt at this time, think about a short- or long-term foster situation. Call the shelter to find out more information. It's a rewarding experience for everyone involved.

Shelter Statistics for last week: Intakes - 27; Shelter Adoptions - 18; Transferred to Rescue - 1; Returned to Owner - 2.

The MCFA Thrift Store has tons of new clothing and household goods waiting for you! New merchandise arrives daily and is priced to move. Come see us at our new location, 3949 Highway 411, Madisonville across from Kentucky Fried Chicken. Store hours are 10 AM- 4PM Wednesday through Saturday. 423-420-3423

Shelter Needs: Pedigree dog and puppy canned and dry food, Friskies canned pate flavors, Purina One dry cat and kitten food.
