NEW TVU DIRECTOR

Tellico Village University has a new director! Marilyn Olander, a relatively new Villager of 7 months, has stepped into the leadership role for TVU following a feature story in *The Connection* that was published the week she arrived. Having been either a student or teacher for most of her life, Marilyn took notice of TVU's search for a new director and was excited for the opportunity to get involved in the community. She began by volunteering as a class coordinator, with the goal of learning as much as she could about TVU's history and the administrative processes that have led to its success. Along with completing Bachelor's, Master's, and Ph.D. programs, Marilyn's experience in the education field includes teaching both high school and college courses in five different schools.

Marilyn is TVU's second director, following the resignation of Cindy Solomon. Cindy developed the idea for a continuing

education program in the Village and in 2015, designed, recruited, and organized what is now an excellent educational resource for the community. We would like to thank Cindy for her hard work, dedication, and commitment to TVU during her time as director.

The current spring semester is off to a great start! The first class this semester was a marvelous discussion of two of Geoffrey Chaucer's *Canterbury Tales*. On March 8th, Village resident Jackie Curtiss finishes a historian's detailed, often humorous, three-part look at the long life and times of the remarkable General Winfield Scott. Other upcoming courses include a repeat of a highly popular class from last fall about maintaining balance and avoiding falls, along with multi-part classes such as American Sign Language and "Mindfulness, Meditation, and Neuroscience Traditions and Practices."

Course descriptions, times and locations, tuition information, and registration forms are available at www.tvuniversity.org. To submit ideas for summer or fall classes, please complete the contact form at www.tvuniversity.org/?page_id=451.

TERRY BOWERS EARNS AFO CERTIFICATION

Congratulations to our Recreation Maintenance Tech, Terry Bowers, for earning the National Aquatic Facility Operator Certification! After months of hard work and dedication, Terry completed a two-day course and 150-question test to provide our community with superior skill and expertise in the aquatic field. To become AFO-certified, individuals must pass a nationally administered examination, which tests knowledge in the following areas: mechanical concepts involved in the functioning of a swimming pool; familiarity with all systems, equipment and peripherals that are required to contain, circulate and filter, heat, and treat swimming pool water; ability to perform preventative maintenance and basic repairs; competence in all areas of water chemistry pertaining to pools; and knowledge of risk management practices.

As part of our ongoing effort to provide high-quality facilities and amenities, Tellico Village is proud of Terry's accomplishments to ensure the aquatic facility at the Wellness Center is maintained at the highest of standards.

TV UNIVERSITY SPRING 2019

Class details and registration links can be found on the TVU website at www.tvuniversity.org under the Spring 2019 tab in the menu bar.

The Life and Times of General Winfield Scott: America in the Early 1800s: March 8th / 9:00 – 11:00 a.m. (Chota Rec Center room D)

Villager Jackie Curtiss is back with another selection of history through her unique style of storytelling. If you've attended a class with Jackie before, you know you are in for a treat. General Scott was one of the youngest generals ever in the War of 1812, led the Trail of Tears, took the US Army to victory in the Mexican-American War, and was still head of the army at the start of the Civil War. Along the way, he also ran for President.

Navigating Conflict Successfully: March 12th / 9:00 – 11:00 a.m. (Chota Rec Center room D)

This class is presented by Villager Nikki Calvano, JD, MS - Strategic Leadership. Do you engage in groups where there are people who always raise conflicting ideas, experiences, and preferences? This session will be helpful for anyone who plays a leadership role in any type of organization, whether it's a Tellico Village organization, a community project, a church, or a professional or special interest group of any kind. Here's your chance to learn techniques and gain insights into identifying conflict and guiding others to use conflict in a constructive way.

Just Punishment: A Look At Incarceration and its Purpose in the Criminal Justice System: March 13th 6:00 – 8:00 p.m. (Chota Rec Center room D)

Dr. Regina Benedict, Criminal Justice Professor at Maryville College, provides an overview of the following: justifications of punishment and how they relate to current practices within adult corrections, incarceration as a gendered experience by comparing male and female inmates and facilities, inmate subcultures and coping during incarceration and the prevalence of drugs and addiction within prisons, and current practices of rehabilitation. Please make this class known to your neighbors, church friends, and those who do any type of ministry or social program with incarcerated people.

LIONS EXPAND LIST OF ACCEPTABLE PILL CONTAINERS

Based on feedback from Matthew 26, the Ohio organization that collects and distributes used pill containers worldwide, the list of acceptable containers has been expanded. In addition to the brown, screw-cap containers previously listed, virtually any plastic container used to store medical type products, vitamins, OTC drugs, etc., are now acceptable.

As in the past, the labels along with any contents must be removed, and the cap or screw lid included. The photo shows examples of three generic types that are accepted, though there are larger- and smaller-sized containers in a variety of colors that are also acceptable.

The Lions continue to accept used eyeglasses and hearing aids.

Glasses should not be damaged and not be in cases. Hearing aids can be in cases and can also be donated with batteries. The simplest way to package any of the three items is in plastic grocery store bags.

There are two places in which these donations can be deposited. The first is in the large drive-up container at the rear of the Welcome Center. Access can be gained by driving around the right side to the old bank drive-up area. The deposit container is located on the center island. The other location where donations can be made is at the Gary Stuart Edward Jones office in Chota Center, opposite the TVCC offices. This can only be accessed during business hours, so the Welcome Center location is likely more convenient and is the preferred drop-off point.

TV LIONS ADD 12 NEW MEMBERS

“New members joining an organization are truly transformative, particularly in large numbers” said TV Lions Membership Chair, Rosie Sylvester. She continued on to say that it infuses an organization with new ideas, new energy, and makes it a better performing operation. These and similar thoughts were expressed by the club president Ed Roeber and the District 12N Governor Brandon Johnson. After the induction ceremony, Johnson exclaimed, “Wow! What a great occasion. I thank each of you for such a great gathering. It was well worth the drive to see the passion you have for our family. Twelve new members makes it even better! This number of inductees in one ceremony is a first in many years in District 12N.”

This marks the second consecutive year that a concerted effort produced superb recruiting of new members. In 2018, eleven new members were recruited at an informational luncheon held at Classico’s restaurant. This year’s luncheon produced one more.

New members mean more hands to carry out the work of the club. They contribute in a variety of specific ways. For fundraisers, they are more bodies to do the work. Lion Larry Stickler, the Lion in charge of the upcoming chili/soup dinner, was smiling broadly during the ceremony as he saw 12 potential recruits to help with some tasks involved in staging the event. He estimates that over 240 hours of effort are required to stage the event. The 12 new members represent a transfusion of help into that effort.

The chili/soup dinner is the club’s first fundraiser of the year; this year it is being held on March 12th at the Christian Life Center of the Community Church. Serving begins at 4:00 p.m. and ends at 7:00 p.m. Tickets are \$11 in advance or \$13 at the door. They are available from any Lion, Sloan’s, United Community Bank or the Village Salon.

These new members will also contribute immeasurably to the club's capacity to perform not only other fundraisers, but most importantly, its service projects that help the community. These are primarily the health fairs at Good Samaritan and Good Shepherd, as well as vision screening in county schools, pre-schools, and daycare centers. In addition, they will undoubtedly contribute ideas for other worthwhile service projects in two new areas of interest: the environment and child oncology. In all probability, we will be writing about these and other new service projects in the near future.

The photo above shows the new members, as well as key club participants in the induction ceremony. Seated in the 1st row (left to right) are: Janice Magnuson, Linda Svoboda, Membership Chair Rosie Sylvester, Mary Schoenherr, Pat Steele; standing in the 2nd row (left to right) are: Millie Burke, King Lion Ed Roeber, District 12N Governor Brandon Johnson, Dave Schoenherr, Don Browning, District 12N LCIF Delegate Ron Leif, Jim Magnuson, Lisa Niles, Barry Sherman, Brenda Sherman, Assistant Membership Chair Ron Lockhart, and Richard Steele.

JUNIOR ACHIEVEMENT

Junior Achievement of the Ocoee region serves Bradley, Polk, McMinn, Meigs and Monroe counties. Their purpose is to inspire young people to succeed in a global economy. JAUSA is the largest organization of any kind that is dedicated to helping students grasp the skills they will need to enjoy economic success. This includes teaching them how to prepare for their future by making smart academic and economic choices. Their curriculum focuses on work readiness, entrepreneurship, and financial literacy.

The courses are taught by volunteers equipped with materials and training on how to best teach the class. Many volunteers in our service areas are former school teachers, retired business owners, etc. Volunteers share personal and professional experiences to help make connections between the curriculum and success. More information regarding the organization may be found at www.juniorachievement.org.

JA of the Ocoee Region is seeking volunteers to fulfill requests for classes at Vonore Elementary. Volunteers would come in one day a week during the requested time frame. Much of the curriculum for elementary students centers around how to count money, what taxes pay for, and how a local government works. A more detailed description of the classes can be found at <https://www.juniorachievement.org/web/ja-usa/ja-programs>.

HIKING CLUB

Friday, March 8, 2019

Depart at 8:00 a.m. from Lakeside Realty parking lot

Curry Mountain

Distance: 7 miles

Rating: Moderate

Elevation gain: 1100 feet

Driving time: 1 hr. 15 min.

Leader: Janette Pacitti | 865-657-9217 | jpacitti@ix.netcom.com

We will begin our hike up Curry Mountain Trail from Metcalf Bottoms. The gentle trail follows an old mining road and has beautiful views. At the top, the trail meets Meigs Mountain Trail. After a quarter mile, we come to one of the prettiest cemeteries in the park. This cemetery, known as the Meigs Mountain or Huskey Cemetery, has at least 14 identified graves of the Huskey and Turner families. One interesting grave is of "Aunt Sook" Turner, who was said to be African-American. She and her husband were taken to court because interracial marriage was illegal. Due to the high water on Meigs Creek Trail, we will return via the same route on Curry Mountain, enjoying the pleasant down-hill trek.

MUDDY BOOTS HIKE

Date: Monday, March 11, 2019 (Rain date March 18)

Destination: House Mountain, near Corryton, TN

Distance: 3.7 miles

Elevation Gain: 1,046 feet

Rating: Moderate

Time: 8:00 a.m. – No registration, just show up!

Location: Carpooling from Chota Center across from the Village gas station. \$6 to driver for gas.

Drive Time/Distance: Approximately 51 miles; 61 minutes. There are restrooms at the trailhead.

Hike Leader: Tom Jadwin

House Mountain is Knox County's highest peak. A modest 3.7 miles in length, you will climb 1,046 feet in elevation on a rocky trail. There will be several downed trees that you will climb over, under, or around and there may be small rock-hop streams (depending on rainfall). Mountain Trail curves across the southeastern side of the mountain, climbing for 1 mile to its intersection with Crest Trail. The smoother and flatter Crest Trail extends across the top of the mountain, 1.5 miles in total length. We'll take a right to reach the East Overlook with a dramatic view of the valley and the Clinch Mountain range beyond (on a clear day). Then, we will backtrack and take Crest Trail to the West Overlook to gaze out over the hills and ridges of East Tennessee and the Smoky Mountains. From there, we will descend the West Overlook Trail, which starts out with a steep rocky decline before smoothing out into a series of gradual switchbacks. We'll take our time on the ascent and pick a scenic spot to stop for lunch along the hike.

While the views from the overlooks are worth the effort, the trail is challenging at times. During the pre-hike, the trails can be wet and muddy in places. Hiking boots and poles are definitely recommended for this trail. Bring water and a lunch, as well as an extra pair of shoes and a plastic bag for your boots after the hike. In the event of a situation requiring medical intervention, we suggest that each participant wear their name tag and bring a photo ID (generally driver's license) and medical information cards (health insurance card or Medicare + supplemental health insurance cards).

TV LIONS CHILI / SOUP DINNER

You can't yet hear the sounds of plates rattling, vegetables being sliced, ground beef simmering, or the myriad of other noises that accompany preparations for this event – but you will hear them in the near future. They will be emanating from the Christian Life Center of Tellico Community Church in the wee hours of Tuesday, March 12th.

This dinner is the first of five annual fundraising events presented by the Tellico Village Lions. The proceeds support the many community service activities the Lions carry out each year. The key to the success of this and other events is support from Village residents. That annual support translates into almost \$40,000, every cent of which is returned to the community by efforts of the club's 56 members. These efforts include health fairs at the Good Samaritan Center in Lenoir City and the Good Shepherd Center in Madisonville, vision screening in county schools from nursery and pre-school to grade 12, and cash donations to countless service organizations in the Village, the county, east Tennessee and in a few cases, the nation.

Preparation is overseen by Lion Mario Catani assisted by Lion Larry Stickler preparing the chili, chicken noodle soup and the antipasto by Lion spouse Linda Stickler, Mayfield ice cream served by POA Chair and Lion Bruce Johnson, and bread and beverages served by other Lions and their spouses. In addition to a great menu, the evening provides a great opportunity to socialize with friends and neighbors.

Tickets are currently on sale, priced at \$11 in advance or \$13 at the door. They can be obtained from any Lion, Sloan's Hardware, Village Salon or United Community Bank. If you don't know a Lion or the locations are not convenient, please contact Lion Marcia Higby at 865-458-9356 or marcia42@sbcglobal.net.

CHARITY DINNER AND SILENT AUCTION

Tellico Lake Rotary Club is pleased to announce it will be holding its annual Charity Dinner and Silent Auction on Friday, March 22nd at 6:00 p.m. in the beautiful Fellowship Hall of First Baptist Church of Tellico Village.

The keynote speaker for the evening will be former SEC Commissioner, Roy Kramer. Roy was appointed Commissioner in 1990 and served for 12 years. During his time with the SEC, the conference won 81 national championships – the most ever in a decade by the league. He oversaw the distribution of a then-league record, \$95.7 million to its member institutions for 2001 – 2002. Kramer also negotiated multi-sport national television packages with CBS and ESPN, featuring football and men's and women's basketball through the 2008 – 2009 season. Because of his influence, the Men's and Women's SEC Athlete of the Year Award is presented annually as the Roy F. Kramer Award.

Roy is a dynamic speaker with great stories to share and is well-loved by all who have worked with him. Even in his retirement years, current SEC coaches and athletic directors continue to seek his advice and counsel. PET OF THE WEEK:

Katie and Niko were surrendered together because their owner is moving. Katie is an indoor-only Tabby cat who is still a bit “shell-shocked.” At the wonderful age of 8, she has lost her human family, her home, her dog and the only life she has ever known. Niko is a 3.5-year-old Australian Shepherd and Jack Russell mix who weighs 28 pounds and has a great personality. Katie and Niko need a fresh start with a new human family. The sooner they are in a loving home, the sooner they will feel safe again. We don't have the facilities to kennel them together so we aren't sure just how bonded they are, but we would love to adopt them together. However, they are available for adoption individually as well. Please come visit them and help them learn to trust humans again. Having a cat in your lap and a dog by your feet is one of the most peaceful feelings. Older cats and dogs are calmer and smarter. You'll feel their gratitude!

From Petfinder: 10 Reasons Senior Cats Rule

1. When senior cats are adopted, they seem to understand that they've been rescued, and are all the more thankful for it.
2. A senior cat's personality has already developed, so you'll know if he or she is a good fit for your family.
3. You can and should, teach an old cat new tricks! Senior cats have the attention span and impulse control that makes them easier to train than their youthful counterparts.
4. A senior cat may already know basic household etiquette (like not attacking your feet at night).
5. In particular, senior cats are often already litter trained and are less likely to “forget” where the box is.
6. A senior cat won't grow any larger, so you'll know exactly how much cat you're getting.
7. Senior cats are often content to just relax in your company, unlike younger cats, who may get into mischief because they're bored.
8. Speaking of relaxing, senior cats make great nap buddies.
9. Senior cats often know that scratching posts (not furniture) are for scratching and toys (not hands or feet) are for biting.
10. Senior cats are some of the hardest to find homes for — so when you adopt a senior cat, you're truly saving a life.

All animals adopted are spayed or neutered, have age appropriate vaccinations and testing, and are microchipped with registration. Cats are litter box trained. \$40 adoption fee over 2 years old; \$50 under 2 years old.
