SUPPORT THE GOLF DEPT TVPOA BOARD OF DIRECTORS

Our Tellico Village community has a wonderful history of supporting amenities throughout the Village. This is beneficial to us as property owners, as the first two considerations of those choosing a retirement community are location and amenities. The high-quality amenities in Tellico Village, such as our three beautifully maintained golf courses, continue to have a positive impact on our quality of life and property values.

Some of us were here in 2007 when Tellico Village was primarily a golfing community, while others are newer residents who may not be golfers, creating a more diverse population. We have grown from being a golfing community of 4,000 residents and three golf courses to a community with 8,000 residents who participate in a wide variety of activities supported by Tellico Village. While our population is steadily growing, some Villagers who played golf three to four times per week are no longer with us or have reached an age at which sustaining that level of participation is no longer feasible.

Several current Board members are golfers who have lived in Tellico Village for many years. We played through the Toqua greens rebuild in 2007/2008 and the death of the Toqua and Tanasi greens in 2010. Since then, we've seen a remarkable improvement with the hiring of course superintendents Chris

Sykes, Wells McClure, and Jordan Clark, who have performed an outstanding job on our golf courses and bring extraordinary value to our golfing experience. Jeff Harrington, Casey Flenniken, and Charles Roffers, along with Jim West and Adam Jacob, are excellent golf pros who handle our leagues, tournaments, special events, requests, complaints, and ideas while keeping smiles on their faces and continuing to teach us how to improve our golf game. When comparing the price and course condition of our Toqua, Tanasi, and Kahite courses to any other community course, we're confident our Tellico Village golf experience and value is far superior.

If you appreciate the golf amenity in Tellico Village, it is important that we support it over surrounding courses outside of the Village. This means that we will occasionally play Tellico Village courses at tee times that differ from our regular schedules (especially during peak season) and in varying conditions (like during aeration weeks). Supporting our home courses sometimes requires flexibility, but utilizing this major amenity and filling tee times maximizes revenue. This avoids pitfalls that can occur when assets are not utilized to potential (causing waste and cost overruns), requiring the asset expenses to be brought in line with reduced revenues. In the case of golf, this could affect the courses' quality.

We are working diligently to keep our golf amenity desirable and cost effective. Last year, a pricing update was implemented to allow Villagers to sign up for pre-paid programs to help control user fees. Unlimited golf rates were also reduced, and an unlimited pre-paid program for afternoon golf was introduced. Golf rates per round were increased by \$1, which can be offset by using a pre-paid account.

As you have (hopefully) heard, our golf staff is in the process of implementing several non-traditional golfing activities and events to appeal to all residents in our diverse community, even non-golfers. To be clear, our golf department is financially healthy, but we are always looking for new ways to increase participation. Please show your support by playing on our courses and as always, let us know how we can better serve this community.

For more information about our golf department, please visit <http://golftellicovillage.com/>. If you'd like to offer feedback or continue this discussion, please feel free to reach out to Pat White at jwhite2032@charter.net or 865-458-7198.

THE REALITY OF INCORPORATION

We understand there may be confusion surrounding Tellico Village POA's decision not to incorporate. For clarification on this matter, please visit

<http://www.tellicovillagepoa.org/wp-content/uploads/2018/11/realityofincorporation.pdf> to read an article by Kevin Stevens, POA General Counsel.

HELP US KEEP OUR SEWER SYSTEM CLEAN

Everything you put down your toilet, garbage disposal, and sink goes through your plumbing and effluent pump system, then is sent to the sewer system before ending up at the local wastewater treatment plant. The Public Works Department handles the sewer system for the Village, and their team has recently encountered several unsavory issues caused by incorrect waste disposal.

Anything that is not biodegradable, such as plastic and cardboard tampon applicators, condoms, and heavy paper products like paper towels and baby wipes, should go in the trash. This kind of waste can cause clogs in the pumps that can end up costing homeowners an extra maintenance fee.

Grease also causes big problems for the sewage system; grease should be poured in a can and disposed of in the trash once solidified. Once grease passes through the individual sewage pumps, it begins to cake up in the lift stations.

To help break down buildup, control odors, and keep your plumbing and septic systems working efficiently, it is recommended to flush Rid-x in your toilets once a month.

"We've got a good sewer system, we just need to take care of it," says Glen Quillen, Public Works Water and Sewer Manager.

Please help us maintain our sewers and keep the Village (and the environment!) clean and smelling great!

MEN'S GOLF

When you give to a charitable cause, often you don't see the impact your donation has on your community. A month ago, I asked members of the MGA to help sponsor the Greenback Middle School golf team. In less than a week, enough money was raised to purchase personalized gold bags for each member of the team. These kids are 6th and 7th graders. This bag will carry them through high school. They also received team shirts. The remaining funds will go towards regional travel and tournament expenses.

As one of their coaches, I cannot thank you enough for what this small gesture has done for this group of kids. This gift has given them confidence on and off the golf course. I would like to express my gratitude to the MGA members listed below for their help. They deserve a handshake and a pat on the back for making a difference in the lives of these local students.

See the smiles of these kids below and click on the thank you letters from [Coach Cagle](#) and [the team](#).

.....

The Tellico Community Players will conduct a free actors' workshop from 10 a.m. to 4 p.m., Saturday, May 4th for potential performers. Lunch will be provided. The workshop will be held at the Tellico Playhouse, 304 Lakeside Plaza, Loudon (in Tellico Village).

Spearheaded by Players' Artistic Director Len Willis, the session will feature a panel of experienced actors covering such subjects as auditions, character development, stage movement, memorizing lines and the rehearsal process.

There will be opportunities for attendees to spend time on stage in group exercises led by the actor/teachers.

"Potential actors need not have prior stage experience," says Willis. "They simply need a willingness to learn and a yen for performing. Some people may have acted years ago in high school and are interested in trying their hand again," he says, adding that everyone is welcome to attend the workshop, not just Tellico Village residents.

Folks wishing to enroll in the workshop should e-mail lentrishwillis@tds.net or call (423) 519-9807. Deadline for enrolling is Friday, April 26th.

TELICO COMMUNITY FOUNDATION

Do you have expired prescriptions in your medicine or kitchen cabinets? What about that prescription you never quite finished, is it in a bathroom vanity drawer or on your bedroom night stand?

On Saturday, April 27 from 10:00 a.m. until 2:00 p.m. Tellico Villagers will have a chance to turn in their expired and unused prescriptions at the Welcome Center. Needles, prescription liquids and syringes will not be accepted.

This first local "Take Back Day" is jointly sponsored by the Tellico Community Foundation along with the Prevention Alliance of Loudon County and Align9. The United States Drug Enforcement Agency (DEA) sponsors the overall event nationally. Last fall, Americans turned in nearly 460 tons (more than 900,000 pounds) of prescription drugs at more than 5,800 DEA sponsored sites.

The objective of the event is to provide a safe, convenient location to dispose of opioids and other medications and to raise awareness about the potential risks of abusing drugs. Residents will also receive information from "Count it! Lock it! Drop it!" which is an initiative funded in part by the BlueCross Blue Shield of Tennessee Health Foundation that works to empower and educate individuals on how they can prevent prescription drug misuse.

Villagers can drop off their unwanted drugs at the Welcome Center at 202 Chota Road. The take back activity will be supervised by local law enforcement officials. Representatives from the Tellico Village Lions Club will be on hand to retrieve the discarded pill bottles. The Lions Club has been engaged in recovering plastic containers used to store medical type products, vitamins and OTC drugs. The collected containers are then sent to an organization in Ohio which repurposes them for prescription use in third world countries.

Additional background on the Tellico Community Foundation can be found at: <https://www.tellicolife.org/tellico-community-foundation>. PET OF THE WEEK:

Tigger is a beautiful, lovable 2.5-year-old Plott Hound/Boxer mix who loves to walk and be around people. She is an active girl who is excited to see people and greets everyone with a wagging tail and a big smile. She gets along well with children and other dogs but, because of her size, would probably do best with older children. If you are looking for a hiking companion, this is your girl. She is already spayed and ready to meet her new family.

The Monroe County Animal Shelter is located at 170 Kefauver Lane in Madisonville (behind Wal-Mart) and is open Tuesday–Friday from 11–4:30 and Saturdays from 11–2. The shelter is closed to the public on Sunday and Monday. Call 423-442-1015 and check out all available pets on our website at

www.monroecountyfriendsofanimals.org. The official

Facebook page for the Monroe County Animal Shelter is “TN Monroe County Animal Shelter.” Adoption gift certificates are available all year.

Have you been to the MCFA Thrift Store that is run by volunteers of The Monroe County Animal Friends of Animals? It's located at 3949 Highway 411 in Madisonville (across from Kentucky Fried Chicken). If you haven't been in a while, you might be missing out on some tremendous bargains. New merchandise arrives daily and is priced to move. Clothing, shoes, furniture, kitchenware, bedding, appliances, books – we've got it all. Donations are greatly appreciated and are accepted Wednesday–Saturday from 10–3:30. All proceeds go to help the homeless animals of Monroe County. Shopping hours are Wednesday–Saturday from 10–4 and worker volunteers are always in high demand. Like us on Facebook for up-to-date sale information. 423-420-3423.

SNAP (Spay Neuter Assistance for Pets) offers free vouchers to qualifying families for a spay or neuter procedure at participating local veterinarians. The next voucher session will be held Saturday, April 13th at the Sweetwater City Hall from 10 to 11 a.m. Vouchers are available to qualified Monroe County residents. If you are in another county, you can visit this webpage to find options in your area: <http://www.spaytennessee.org>.

Please consider offering your home to help the pets at Second Chance Pals (SCP), a program of Monroe County Friends of Animals. These foster homes help older and/or sick pets that need more assistance than the usual homeless pet. They often cannot be treated until they have a foster home commitment where they can safely stay until their recovery needs are met. Veterinary care and expenses are provided for their treatments and they are closely monitored.

IMPORTANT NOTE: Animal Control is administered through the Sheriff's office. Call the Sheriff's office at 423-442-3911 to report cases of stray animals, animal endangerment, or abuse/neglect. Please do not call the shelter.

Shelter statistics for last week: Intakes- 22; Shelter adoptions- 8 ; Transferred to rescue- 20 and 1 dog was returned to its owner.
