## ADULT DAY CENTER

A much-needed day center for individuals with early to moderate Alzheimer's and Dementia will open its doors in Loudon County just after the New Year. Modeled on successful programs such as CADES (located in Concord) and Bartlett Day Out (in Maryville), the new facility will be called OUR PLACE. Activities will include exercise, music, crafts, games and more. "Our goal is to provide a safe environment where participants will have fun while their caregivers enjoy some time off," explained OUR PLACE chairperson Sue Newman.

"Given the age of the population of our community there is no question about the need," stated Scott Mathot, chairman of Stay in Tellico Village (STAYinTV). Right now, the program closest to Tellico Village (CADES) is about 25 miles away. That translates into an hour's round trip in the morning and another in the afternoon. OUR PLACE will serve that population much closer to home: It will be located at Christ Our Savior Lutheran Church on Rte. 72 in Loudon.

The community-wide initiative began last summer when Newman started contacting people about the need for an adult day center in this area. STAYinTV immediately joined in support of the project, as did five local churches: Christ Our Savior Lutheran Church, Shepherd of the Lake Lutheran Church, The Community Church at Tellico Village, the First Baptist Church of Tellico Village, and St. Thomas the Apostle Catholic Church.

Initially, the center will operate two days per week: Tuesday and Thursday, from 9:00 to 4:00, and can accept nine participants. As soon as that fills up, it will open on Monday and Wednesday, as well. "If OUR PLACE is anything like the other programs, we will have a waiting list very quickly," Newman observed. It will be a fee-

---

based program but the exact amount is yet to be determined. The organization has filed for 501(c)(3) status [non-profit] and is in the process of obtaining a license, developing procedures, establishing a budget and staffing the center.

“OUR PLACE is planning to hire a paid director and is counting on volunteers, at least at first, to staff the program,” Newman explained. The job search for the Director’s position has already begun. “We would like to select a Director before the summer,” she stated, adding, “Hopefully, he or she will be willing to work with us without pay during the planning stages since we won’t have any income until January or February.”

For further information, contact Sue Newman at [ourplaceln@gmail.com](mailto:ourplaceln@gmail.com).

## HANDICAP PARKING SPACES

We all see handicap accessible parking spaces every day, but how often do we stop to remember the etiquette regarding these spaces? There are two main types of handicap spots: standard and van/wheelchair accessible. All handicap spots are located at the front of the parking lot and have a ramp nearby, but the differences between these types are important to note when choosing the handicap space that is most appropriate for your needs.

A standard handicap parking space are the most common spaces that most people are familiar with. They are typically marked with a blue wheelchair logo and can accommodate sedans, SUVs, and vans, but are not large enough for wheelchair access.

Wheelchair-accessible handicap parking spaces are typically wider and may be labeled as “van accessible.” These spots have a 96-inch-wide white striped area on one or both sides that provide extra space for those who enter and exit the van in a wheelchair.

Never park in the white-striped area, even if the parking lot is full. Doing so could prevent the person parked in that handicap spot from being able to enter their vehicle.

Avoid parking in the wheelchair-accessible handicap spaces if you’re not driving a van and need extra room for a wheelchair. These spaces are often limited and should be reserved for those with wheelchair ramps or lifts. If all the standard handicap spots are full and you’re physically able, consider parking in standard, non-handicap spot

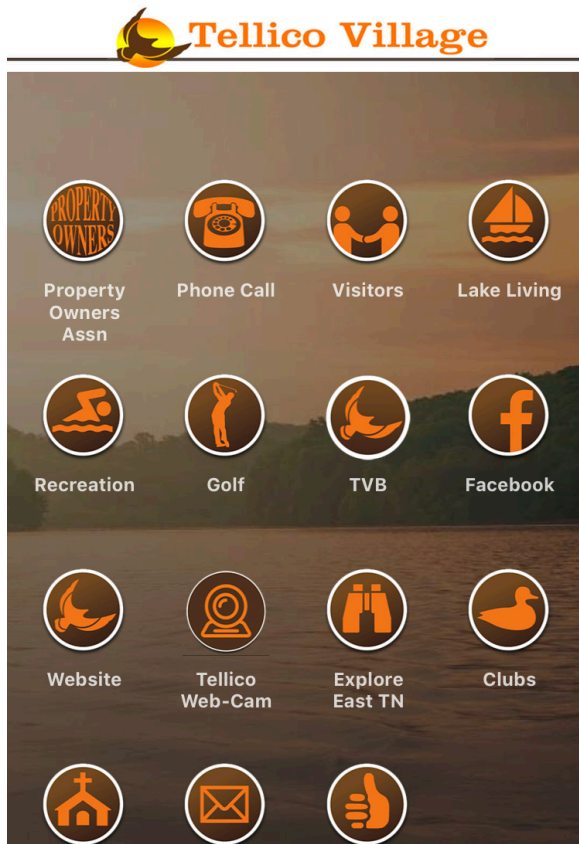

## LAKE MAP

The weather is warming up! Stop by the POA Welcome Center for a complimentary historic navigation chart of Tellico Lake and Little Tennessee River to guide you through the upcoming summer months. The Welcome Center is located at 202 Chota Road.

## TELICO VILLAGE APP

It's a great resource to locate information quickly, and golfers may especially find it useful to book tee times with convenient, on-the-go access to Chelsea. To download the app on your iPhone or Android device, search "Tellico Village" in the app store.

## RECYCLE!

Did you know you can recycle your cans right here in the Village? The Tellico Village Garden Club uses the proceeds for all the entrances throughout our community. Drop-off bins are located at convenient areas such as the golf courses, pavilions, and boat docks.

Make sure you utilize the recycle bins to help keep our entrance gardens and environment beautiful!

## PET OF THE WEEK:

Molly is a beautiful solid black Labrador Retriever who is about a year old. At 50 pounds, she is probably full size but may put on a little more weight. Molly is a very energetic girl who loves water and wants to run and play. She is friendly with all people and other dogs. She needs an owner who will have the patience to teach her some manners such as loose leash walking and not jumping. Molly would make an excellent companion for an active family with older children.

Going on a walk is probably the highlight of your dog's day. You should be able to take your dog on a walk without incidence. That's why good leash skills are so important for the safety of your dog and you. Learning how to walk a dog can take weeks or months of regular practice, but the end results are worth the effort.

Please consider offering a foster home to help the pets at Second Chance Pals (SCP), a program of Monroe County Friends of Animals. These foster homes help older and/or sick pets that need more assistance than the usual homeless pet. They often cannot be treated until they have a foster home commitment where they can safely stay until their recovery needs are met. Veterinary care and expenses are provided for their treatments and they are closely monitored.

Monroe County Animal Shelter is now partnered with Finding Rover, a free service that helps reunite lost dogs and cats with their families using facial recognition technology. As a partner, the community can now see if their lost pet is in our care with just a few clicks. We encourage everyone to register with a personal Finding Rover account by going to [www.FindingRover.com](http://www.FindingRover.com).

The Monroe County Animal Shelter is located at 170 Kefauver Lane in Madisonville (behind Wal-Mart) and is open Tuesday – Friday from 11 – 4:30 and Saturdays from 11 – 2. The shelter is closed to the public on Sunday and Monday. Call 423-442-1015 and check out all available pets on our web site at [www.monroecountyfriendsofanimals.org](http://www.monroecountyfriendsofanimals.org). TN Monroe County Animal Shelter is the official Facebook page for the Monroe County Animal Shelter. All animals adopted are spayed or neutered, have age appropriate vaccinations and testing, and are microchipped (with registration).

Have you been to the MCFA Thrift Store run by volunteers of The Monroe County Animal Friends of Animals? It's located at 3949 Highway 411 in Madisonville (across from Kentucky Fried Chicken). If you haven't been in a
