

Golf Certificate Update February 2020

Great News! The TVPOA Board recently voted to accept expired POA-issued gift certificates through June 30, 2020 at 100% value. Moving forward all certificates (purchased or winnings from a tournament) will have a 2-year expiration from the date of issuance. The Golf Team has worked diligently to bring new and improved retail outlets to the Golf Pro Shops in Tellico Village by working with a variety of vendors and a consultant to re-invent retail operations at the Golf Pro Shops. New accounts have been established and inventory will start to come in over the next few weeks where the goal is to have the shops fully stocked prior to the spring golf season.

These new retail outlets will be more than just golf pro shops as they will serve as a gift shop of sorts as well for the village. They will carry new and improved golf attire, the latest in golf equipment, casual wear, sportswear, trinkets and so much more. There will be more variety than ever before across all three locations. The Golf Pro Shops will be where golfers and non-golfers alike will want to go to get anything Tellico Village as we are all very proud to call this beautiful place home.

Please stay tuned for additional updates regarding a Grand Reopening Celebration to kick off the season.
