

2024 POA Board of Directors Candidate

Bruce Gibbons

Hi, I'm Bruce Gibbons. My family relocated to TN three years ago, driven by our dream of embracing the mountain and lake lifestyle while actively contributing to a community where we could make a positive impact. I truly believe Tellico Village is that place.

I am a seasoned IT senior executive with over three decades of experience leading high-performance teams and spearheading enterprise-wide infrastructure projects within the utilities and energy sector at a Fortune 100 company. Throughout my career, I have demonstrated a commitment to excellence and community engagement, notably by founding and overseeing an annual employee volunteer charity golf event.

In recent years, I have transitioned to the public service sector, where I continue to leverage my extensive expertise and leadership skills as an IT senior executive for a major U.S. city. My career has been defined by a dedication to driving innovation and delivering impactful results, both professionally and within the community.

My vision for the role encompasses three key areas of focus:

- **Transparency and Accountability:** Upholding the highest standards of leadership to foster trust and clarity.
- **Strategic Planning and Innovation:** Ensuring responsible and forward-thinking planning to drive sustainable progress.
- **Contractor Oversight and Governance:** Implementing robust oversight to ensure consideration for those who call TV home.

If elected, I am committed to leveraging my extensive professional and personal experiences to work collaboratively in serving the best interests of the residents of Tellico Village, ensuring that we achieve outstanding results together.
