

2024 POA Board of Directors Candidate

Joel Reed

My name is Joel Reed and I am a fiscal conservative. I believe in working smarter, not harder. I have proudly called this community home for the past ten years. I'm a dedicated father of three, with one of my children having already invested in a future home here in TV. This deep-rooted connection drives my commitment to enhancing our community's quality of life and efficiency.

With a 30-year career at Honda, I specialized in troubleshooting, identifying root causes, and streamlining operations to improve quality and customer satisfaction. My role frequently involved addressing problem areas and implementing strategic solutions, skills that are directly applicable to managing and optimizing our Village's amenities and infrastructure. Most recently, I managed Honda's largest North American warehouse in Loudon, TN, where my focus was on cost reduction and operational excellence.

My experience in Industrial Engineering, coupled with my active involvement with our Board, CEO, and department heads, has provided me with a robust understanding of our community's needs and goals. If elected to the board, I will build on the positive strides we've made, ensuring our initiatives are implemented effectively and transparently.

Beyond my professional background, I am actively engaged in community service through the Flags for Old Glory program and the TVCUC Technology Access Program. In my personal time, I enjoy playing golf, am a man of faith, and, according to my wife, brew a pretty great IPA. Thank you for considering my candidacy.

I respectfully seek your support in the upcoming election. I am committed to working collaboratively with the board to ensure our community thrives and meets its full potential.

Thank you for considering my candidacy (tellicosmart.com)
