## BOARD MEETING 1/23 HIGHLIGHTS

### Board Meeting Minutes:

Dec 19th Meeting Minutes: Approval 6-0 with Carla Johnson abstaining because she was not yet a member of the board at that time.

### Advisory Committee Liaison updates:

**HOA:** Ellen Fox presented on behalf of the HOA. She started by presenting on Tellico Life and their goals for that platform's growth during 2019. Their vision for some changes with the site includes a common calendar where members can sign up for events and manage their memberships. This was HOA initiated, but now partners provide financial support, volunteer, leadership, and governance. POA decided to participate as individual departments in the silver clubs category in 2019. Other potential members joining soon include Pickleball, Polish heritage club, and the Soggy Bottoms. They expect to be full funded in 2019. They are trying to make their socials more social for example they want to begin; raffles and prize drawings, this is focused on giving their members a reason to come as opposed to just coming to sign up for events.

There will be a survey going out that is designed to gauge what the preferred communication method is. As well as what activities the members participate in. Meeting with Beth Kuberka to see how they can improve communications.

**Finance Report:** Parker Owen covered the status of the Kahite and Toqua projects. The check for \$148,000 from the Kahite enhancement committee has been transferred to the amenity reserve fund until needed for payment on the construction draws. Bank financing for \$1.2 million for the Toqua Clubhouse project has been secured. The double wide has been moved and is now at its new home in the Toqua parking lot. July 26th is the estimated completion date for Kahite Community Center and November 25th for Toqua Clubhouse.

**Comparative Financial Analysis:** Loss for the year of \$56,000 dollars. Revenue from golf was 5,000 rounds under budget for the year or a \$278,000 shortfall for golf revenue. Water and sewer had a favorable variance in revenue of \$236,000. 156 tank jobs were completed as opposed to the budgeted 120. New construction had 158 permits for the year vs. the budgeted amount of 120. Also, there were 574 property transfers in the year as opposed to the 300 budgeted or \$55,000 dollars in revenue on transfer fees. Maintenance expenses for the year were \$862K over budget, with variances spread among several areas. Tank installations were over budget \$327K due to the higher number of housing starts and tank installations. Water and sewer line repairs were over budget by \$168K and \$72K respectively. Lift station repairs required an additional \$55K above budget. First impressions renovations at the Wellness Center required \$77K that was unbudgeted. We advanced the paving of 6 feeder streets off of Sequoyah Road from 2019 into 2018 at \$106K because it was more economical to do that work while the people and equipment were already mobilized for the Sequoyah Road project.

He then covered the 2018 capital plan as it has been completed. We are \$79,179 over budget. This is due to the dehumidification system replacement it is also in the budget for 2019.

**Presented three projects to the board for approval:**

- 1.) Kitchen equipment for the new Toqua Clubhouse. Requested amount of \$224,829. Not recommending the low bid, would like this to come from the Amenity reserve fund.  
- Requested Board of Directors Action: Project is within 10% of budget but requires Board approval since it is greater than \$50,000. The budget amount was included as part of the overall Toqua Clubhouse project approval and was included in the 2019 Capital Plan. Request Capital approval of 224,829 with funding from the Amenity reserve fund as budgeted. **This was passed 7-0.**
- 2.) IBM Financial Server and Installation Requested amount \$59,209. Requested Board of Directors Action: Project is within 10% of budget but requires Board approval since it is greater than \$50,000. Request capital approval of \$59,209 with funding from the Unrestricted Operating Cash. **This was passed 7-0.**
- 3.) Security Camera System Upgrade of equipment at Yacht Club and Tanasi Basin Docks. Requested amount of 31,800. Requested Board of directors' action: Project is within budget and within the general managers approval authority. Board approval is required for dock reserve funding as budgeted. **This was passed 7-0.**

He then covered how these projects and other capital projects that will be taking place in 2019 will affect the 2019 capital Plan project. At the end of January, we have authorized 80% of the 2019 capital plan. Not much more capital to be approved this year.

**Food Service Quarterly Report (Andy Fox):**

Food Service Quarterly Report: Kahite: Very successful Christmas season. Because golf was down and Kahite is very dependent on golf rounds for profit, subsidies for Kahite was \$32,000. Toqua: Impacted by golf and weather, flat for sales, labor was a struggle causing them to operate at a loss this year. Tanasi: good year but flat in sales, saved a little in product cost. Yacht Club: Great Year, participation was up 5,000 guest dining room sales up. The subsidy was the lowest it's ever been at \$42,437.

2019 Board Goals and Objectives Update (Bruce Johnson):

These goals are currently more or less areas of interest in which the board will pick their goals for this year. These are; complete construction of Toqua Clubhouse and Kahite Community Center on time and within budget. Complete Renovations/ Repairs at Wellness center on time and within budget. Update ACC Codes/Complete restructuring of Bluebook. Address Environmental Issues Associated with Village Growth. Analyze Facilities. Space Requirements at Total Buildout. Develop a Communications Strategy Plan. Complete a reserve fund study. Develop Standard Non-Financial indicators of use in the Budget Formulation and performance measure. Streamline application process for BOD and Advisory Committee Candidacy. Develop Strategy to improve relations with local leaders. Develop and implement a village political education committee. Investigate, propose and implement a road management plan. Investigate and propose purchase of land for a second water tower and engineer the tower to be included in the 2020 budget. Propose a solution for the low water pressure issues within the village and implement if necessary.

Complete and implement the sewer study recommendation if possible.

From these the board will decide which ones will become their goals for the year.

**JUNIOR ACHIEVEMENT**

Junior Achievement of the Ocoee Region serves Bradley, Polk, McMinn, Meigs and Monroe counties. Their purpose is to inspire young people to succeed in a global economy. JAUSA is the largest organization of any kind that is dedicated to helping students grasp the skills they will need to have their own economic success. This includes teaching them how to prepare for their future by making smart academic and economic choices. Their curriculum focuses on work readiness, entrepreneurship and financial literacy.

The courses are taught by volunteers. Each volunteer is equipped with the materials needed and training on how to best teach the class. Many of the volunteers in our service areas are former school teachers, retired business owners, etc. Volunteers share their own personal and professional experiences to help make connections between the curriculum presented and what it takes to succeed. More information regarding the organization may be found at [www.juniorachievement.org](http://www.juniorachievement.org).

JA of the Ocoee Region is seeking volunteers to fulfill requests for classes at Vonore Elementary. The volunteer would work with the teacher to come in one day a week during the requested time frame. Much of the curriculum for elementary students circles around how to count money. What taxes pay for and how a local government works. A more detailed description of the classes can be found at <https://www.juniorachievement.org/web/ja-usa/ja-programs>.

## A LETTER TO TDOT FROM THE HOA & POA

In December the HOA and POA Presidents sent a letter to the Commissioner of the Tennessee Department of Transportation (TDOT) commending the TDOT Region 1 staff for their outstanding work in the planning and execution of the resurfacing of State Road 444, Tellico Parkway. Below is the letter sent to show the Village's Gratitude.

Dear Commissioner Schroer:

We would like to call your attention to the outstanding work by Ms. Amanda Snowden and her staff in the planning and execution of the resurfacing of State Road 444, Tellico Parkway, during the past three years.

Beginning in 2015, Ms. Snowden and her staff began meeting on a quarterly basis with the Tellico Village HOA/POA TDOT Liaison Committee to plan safety improvements in conjunction with the resurfacing of SR444. The majority of that work was completed in November 2018. The TDOT staff established a professional and collegial working relationship with our Committee. The TDOT staff demonstrated flexibility and creativity in accommodating most of the requests that our Committee made to improve traffic flow, safety and aesthetics of the Tellico Parkway.

Tellico Village residents and property owners are grateful for the dedication, cooperation and communication that TDOT maintained throughout the project and we are very satisfied with the final results of the SR444 resurfacing project.

Sincerely,

Ellen Fox, President  
HomeOwners Association (HOA) of Tellico Village

That's right, and so are a lot of other interesting and informative "characters" coming to the Spring 2019 Tellico Village University program.

Dr. Sam Overstreet, Professor in the Humanities at Maryville College, kicks off our Spring semester as he leads us in an insightful study of two of Chaucer's Canterbury Tales: THE PARDONER'S TALE and THE NUN'S PRIEST'S TALE is one of the best candidates for a tale that manages to do both pleasure and moral instruction simultaneously.

THE LIFE AND TIMES OF GENERAL WINFIELD SCOTT: AMERICA IN THE EARLY 1800'S. Jackie Curtiss Feb 22, March 1, 8, 2019 Chota Rec Center Room D 9:00 – 11:00 Villager Jackie Curtiss is back with another selection of history through her unique style of story-telling. If you have attended a class with Jackie before, you know you are in for a treat. If you have not, what's stopping you? General Scott was one of our youngest generals ever in the War of 1812, led the Trail of Tears, took the US Army to victory in the Mexican-American War, and was still head of the army at the start of the Civil War. And along the way, he ran for President.

NAVIGATING CONFLICT SUCCESSFULLY is presented by Villager NIKKI CALVANO, JD, MS Strategic Leadership March 12 9:00 – 11:00 Chota D

Do you ever engage in groups where there are people who always raise conflicting ideas, experiences, and preferences? GOOD! This session will be very helpful for anyone who plays a leadership role in any type of organization. A Tellico Village organization, a community project, church, or a professional or special interest group of any kind. Let's face it, people will be people, and where there are two or more, there will be conflict! Would you agree? Here's your chance to learn some techniques and gain insights into identifying conflict and guiding others to use that conflict in a constructive way. WELL WORTH YOUR TIME AND PARTICIPATION.

JUST PUNISHMENT: A LOOK AT INCARCERATION AND ITS PURPOSE IN THE CRIMINAL JUSTICE SYSTEM. March 13th 6:00 – 8:00 Chota Rec Center Room D

DR. REGINA BENEDICT - Criminal Justice Professor at Maryville provides an overview of the justifications of punishment and how they relate to current practices within adult corrections; incarceration as a gendered experience by comparing male and female inmates and facilities; inmate subcultures and coping during incarceration and the prevalence of drugs and addiction within prisons and current practices of rehabilitation. # PETS OF THE WEEK

Amazing (and Awesome!) cat fact: These 3 cats are currently the only cats in the adoption room! Yes, a couple (2) are ill (cold weather doesn't help) and some are too young/mom's nursing kittens. This is probably as close as we're going to get all year to "clearing the shelter" of felines. SPAY/NEUTER works! A HUGE thank you to ALL involved-shelter staff, volunteers, MCFA, our great Rescue Partners and adopters! A separate thank you to our wonderful Veterinarian Dr. Amanda Dykstra-we are so lucky to have you "Dr. D!" She is a former Associate Professor of Shelter Medicine at UT and she has been practicing Shelter Medicine in various capacities for approximately 15 years. Dr. D is at the shelter one day per week to take care of all medical needs possible for shelter owned animals. We always appreciate and thank our local Veterinarians who support the shelter animals every day-Tellico Bay Animal Hospital, Monroe County Animals Hospital and the PPAW Spay Neuter Clinic.

Vino is a 1-year old, stunning, easygoing, long hair boy. He loves attention and loves to play. He is a bit on the shy side (may be because he is in a condo). Long hair cats do require a bit of grooming maintenance to prevent painful matting. All cats should be brushed often (most absolutely love it) but long hairs should be brushed a few times per week. Oscar is a gorgeous 8-month-old, Silver Tabby. He is new, so he's still a tiny bit nervous but VERY sweet and loves human attention. He is acclimating better every day.... but let's not get him, or any others used to cage life! Linkin is a 1 year old, black and white/Tuxedo girl. She's not very happy in her new condo environment-most of the time she's purring and then sometimes she may hiss. She is not aggressive-just nervous. She needs someone to bond with her and tell her she is home, safe and loved.

SNAP (Spay Neuter Assistance for Pets) offers free vouchers to qualifying families for a spay or neuter procedure at participating local veterinarians. The next voucher session will be held Saturday, February 9th, at the Cora Veal Senior Center in Madisonville, 10-11am. Vouchers are available to qualified Monroe County residents. If you are in another county, you can visit this webpage to find options close to you <http://www.spaytennessee.org> PPAW in Greenback also offers low cost altering at their clinic for anyone who does not meet the voucher income or county qualifications. Take advantage of these no or low-cost opportunities available to EVERYONE. Be part of the solution!
