ELECTRIAL METER REPLACEMENT

Loudon Utilities began replacing the outdated electrical meters in Tanasi neighborhood yesterday, July 1st. Two Loudon Utilities crews will progress through the Village by neighborhood until the project is complete. Each crew will let the homeowner know they are there and then switch the meter, a process that takes less than 10 minutes. If you're not available when they arrive, Loudon Utilities will complete the work and leave a notice. Electrical power will be off at each home less than 5 minutes.

Why is Loudon Utilities switching electrical meters? The new meters provide instant data so that Loudon Utilities can pinpoint the source of an outage and repair it quickly. For homeowners, more detailed data will be available on electrical usage. Please call Loudon Utilities at (865) 458-2091 with questions.

TDOT SURVEYS

TDOT is in process of conducting a multimodal corridor study for Interstates 75, 55, and 26. Public input can be made through the following this survey link: www.surveymonkey.com/r/QZHRQJ7.

The Highway Safety Committee is asking that all Villagers take time to share their opinions on this survey. The outcome of this study will help shape our transportation system for many years to come.

STAYINTV'S RESPITE CARE SERVICES

STAYinTV, the aging-in-place initiative in Tellico Village, will continue to offer respite care services to Village residents. Called Respite Care for Caregivers (RCCP), the program has been operating since 2017 under the leadership of Marilyn Hawkey, its developer. Ms. Hawkey has resigned and RCCP now will be coordinated by Marti Toms, a retired home health care and hospice nurse. Ms. Toms has been co-director.

“Some medical situations, especially dementia, often confine the patient to his or her home, and require 24/7-care by a partner, usually a spouse,” says Ms. Toms. “That partner or caregiver is always on duty, managing the physical, emotional and other personal needs of the client. Giving the caregiver a break for even a few hours can help head off emotional and physical damage to the long-term caregiver, as well as negative impacts on the client” she says.

The RCCP provides a trained volunteer who stays with the client, allowing the caregiver to have personal private time, de-stress from their role as a caregiver, and enjoy a few hours of relaxation. A commitment to long-term care at home can be distressing and/or debilitating to the physical, emotional and psychological stability of the caregiver. If the caregiver is in a stressed mental or emotional state, over time there can be a negative impact on both the client and the caregiver.

Founded in 2011, STAYinTV aims to help Tellico Villagers remain in their homes as long as possible. This program provides services to help seniors who no longer are able to shop for and bring home their own groceries, who can't drive themselves to appointments, and who need assistance with minor home repairs.

If you live in Tellico Village and you are a caregiver who is in need of this service, call the STAYinTV at (865) 458-7084 and leave a message on the Respite Care for Caregivers line that includes your name and telephone number.

If you are interested in volunteering to serve the needs of this population, you can obtain and complete a

volunteer form from the Welcome Center at 202 Chota Road. All volunteers will receive specialized training before being assigned to a client.

Both prospective volunteers and clients can learn more information on the STAY website: www.stayintv.org.

DRAGON BOAT CLUB

The Tennessee Heat Dragon Boat Club's racing team surprised themselves by winning their division at the KARM Dragon Boat Festival on June 22nd. Competing against much younger teams, the team raced in the Mixed Division (at least 8 women in a boat with 20 paddlers) and won their first two heats to qualify for the final race. Although the club is not limited to Tellico Village, the racing team was comprised of all Villagers this year. The average age of the boat was 66.2 years. Before the first heat, the team was amusing the competing teams with their cheer, "We Are... Your Grandparents!" but soon grew serious, winning the first heat by more than a boat length (44 ft). They paddled the 210 meter course in 1.03.43 minutes. The final race was nip and tuck, but the Heat dug deep and won the race with a time of 1.01.01 minutes, nosing out a fine young team from Knoxville. The team hopes to do just as well in a dragon boat festival in Sevierville on August 10th.

There is still time to join us and participate in one of the newest sports around—The Tennessee Heat is recruiting new members! We paddle on Mondays, Wednesdays and Saturdays at 9 a.m. (weather permitting) through October. If you are interested in giving it a try, please contact Ginger McDonald at 937-974-2516.

LIONS CLUB

During their last dinner meeting of the year, the Lions Club recognized members who made significant contributions to the club. 21 club members were given certificates of appreciation for their participation in the following club programs: health fairs, flyer delivery, vision screening, the Golf-for-Sight outing, Oktoberfest, Chili/Soup Dinner, and the Arts and Crafts fair.

Lions Club International Awards (Melvin Jones Fellowship awards) were given to individuals who not only serve their clubs in an exemplary fashion, but also are active at the district and/or state level and within their communities. The MJF award was presented to Curt Isakson. In his 10 years as a club member, he has served as president, worked in nearly every fundraiser during his tenure, chaired the program that recorded books for the blind and dyslexic, currently chairs the vision screening program, and serves on the BOD of TN Volunteer Blind Industries.

In a historic departure for the TV Lions, a second MJF award for significant community service was awarded to a non-member. Dr. Dennis H. Benedict, an Optometric Physician, is a member of the Good Samaritan Health Fair team and runs the vision portion of that program. Without his support, the club would not have been able to provide free examinations and eyeglasses to almost 600 residents of Loudon County over the last several years.

The new slate of officers includes: President/King Lion – Larry Elder; Vice Presidents – Chris Garner, Ron Lockhart, and Rosie Sylvester; Secretary – Harmon Towne; Treasurer – Dennis Kelly; Lion Tamer – Perry Sylvester; Tail Twister – Gerald Edgell; Membership Chair – Rosie Sylvester; Directors – Curt Isakson, Wayne DeLawter, Randy Heiden, Maureen Beyel, Larry Taylor and John Diehm.

PET OF THE WEEK:

Laney is a 14-month-old black/tan/white mixed breed lady with a charming smile and a happy personality. She is full grown at 57 pounds. Laney is friendly and curious and eager to meet anyone who comes near her kennel. She loves to walk on a leash, sit on your lap, or just be the center of your attention. Laney appears to get along with other dogs and would love to be part of a family with children. She was heartworm positive but has been treated for this infection and is recovering well. Please come meet her to see if she can be part of your family.

The 4th of July is just around the corner, and while we humans enjoy fireworks, they can be a cause of anxiety for animals. Here are some suggestions to help your dog through the holiday:

Make sure your dog gets plenty of exercise earlier in the day. Keep your dog inside during fireworks, preferably with human companionship. Bringing your dog to a fireworks display is never a good idea. Provide a safe place inside for your dog to retreat. When scared, dogs often prefer small enclosed areas. If your dog is comfortable in a crate, that is a good option. If possible, keep the windows and curtains closed. Covering the crate or lowering the blinds can also be helpful. Removing visual stimulation can also help calm dogs. Make sure all your dogs are wearing ID tags with a properly fitting collar. Leave your dog something fun to do, like a frozen Kong filled with his favorite treats.

The Monroe County Animal Shelter (MCAS) operates a monthly food pantry to help pet families in Monroe County. Our supplies are low and we need your help. The shelter needs: Pedigree dog and puppy canned and dry food, Friskies canned pate flavors, and Purina One dry cat and kitten food. Donations via PayPal can be made from our website (www.monroecountyfriendsofanimals.org) or checks may be mailed to MCFA, PO Box 106, Vonore, TN 37885. All funds are used for animal care, including veterinarian fees, antibiotics, testing, vaccinations, flea and heartworm control, cat litter, and sanitary litter boxes. Donations can be dropped off at the shelter during open business hours. In addition, the Food City in Vonore has a donation barrel by the customer service desk/self-check-out area for convenience of purchasing supplies and leaving them at the store. Thank you for your kindness and support.

All animals adopted are spayed or neutered, wormed, have age appropriate vaccinations and testing, and are microchipped with registration. Cats are litter box trained. \$50 adoption fee over 1 year old, \$60 under 1 year old.

The Monroe County Animal Shelter is located at 170 Kefauver Lane in Madisonville (behind Wal-Mart) and is open Tuesday – Friday from 11 – 4:30 and Saturdays from 11 – 2. The shelter is closed to the public on Sunday and Monday. Call 423-442-1015 and check out all available pets on our website at www.monroecountyfriendsofanimals.org. TN Monroe County Animal Shelter is the official Facebook page for the Monroe County Animal Shelter.
